**PIONEER PALM SPRINGS** resident and founder of Desert Museum Miss Cornelia White died in Banning yesterday. The little lady had lived in the area since the early 1290's and donated the land for the museum. (Desert Sun Photo)

## Cornelia White Dies in Banning

Miss Cornelia Butler White, 87, pioneer Palm Springs resident, who lived to hear that her dream had come true, died yesterday in Banning after an illness of almost four years.

Just this week the Board of Directors of Desert Museum approved the making of her home at 145 East Tahquitz a shrine which would house the offices of the Palm Springs Historical Society.

### Museum Founder

Miss White, who was one of the founders of the Desert Museum, spent much of her time and money supporting the facility, and only recently gave the museum the land on which is being constructed its new auditorium.

Born in Canaseraga, N.Y., she was a direct descendant of Elder John White who came from England in 1632 and settled in Cambridge, Mass. Her father was the great-grandson of Hugh White, who founded Whitestown, N.Y.

It was in 1912 that Miss White, with her sister, Dr. Florilla White, visited Palm Springs, and on Oct. 23, 1913, she and her sister made Palm Springs their home. Another sister, Mrs. Isabel Chase, joined them in Palm Springs two years later.

### West in 1900

One of eleven children, Miss White was lured to the West in the early 1900's where she became a teacher at the University of North Dakota. After seven busy years she sought new frontiers, and in 1912 she was pioneering in Mexico.

It was this year that the two sisters visited Palm Springs. Early in 1912, revolution broke out in Mexico, and Dr. White made her way to Sinaloa to rescue Cornelia. The two young New Yorkers were forced to abandon their possessions in Mexico and made their escape only by traveling more than 100 miles on a railroad hand-car sitting on their guns.

Dr. White suggested they come to Palm Springs, and after being cared for by the American Red Cross in San Diego, they set out for the desert.

### Rode and Herded

In Palm Springs Miss White found plenty to take her time. She rode with the Indians, herded cattle, and made long trips into the desert.

## Katanga Head Eases Demands On U.N. Troops

ELISABETHVILLE, Katanga Province, The Congo (UPI)—Katanga President Moise Tshombe has withdrawn his demand that U.N. troops pull out of Katanga before a cease-fire can be put into effect, U.N. sources said today.

The sources said Tshombe backed down in talks Thursday with U.N. representative Mahmoud Khari.

In Leopoldville, central Congolese Premier Cyrille Adoula was reported ready to meet with Tshombe for Congo unity talks. Tshombe has insisted that any meeting between the two regimes must be held outside the Congo.

Informed sources said that Adoula's position had been relayed to Tshombe through the United Nations, but there was no confirmation of this by Elisabethville officials.

The Central Congolese government has maintained silence on Tshombe's offer, which was made at a news conference here earlier this week.

## BULLETIN

**VICTORVILLE, (UPI)**—Clifford E. Wright, 30, appraiser for California Land and Investment Company in Palm Springs, was killed today when a speeding car in which he was a passenger crashed into the rear of a loaded cement truck.

## \$20 MILLION INVESTMENT IN SPRINGS AREA UNDERWAY

A 20-million-dollar investment in the future of Palm Springs as the golf capital of the world is well underway according to officials of the Canyon Country Club.

The new club, covering more than a square mile of land, is scheduled to open Jan. 1, 1962. It is located off of South Palm Canyon Drive.

Construction of the \$500,000 dollar club house and the first of two 18 hole golf courses is progressing according to schedule, according to officials of the club. Both the clubhouse and the first 18-hole course is scheduled to be open on Jan. 1.

Wexler and Harrison, A.I.A., of Palm Springs are the architects on the 10,000 square foot club-

house. William Bell designed the golf course layout.

This will be the first 36-hole course in the desert. The second 18-hole course will be constructed when the first one is completed, according to club management.

At a luncheon held at the Riviera Hotel, Robert Grundt, who heads the First National Realty and Construction Corp. of New York City, outlined the plans for the club. He said that it would be a private club, and the management will observe the usual policy for the use of the facilities by local golfers during the off-season.

He pointed out that no cost will be spared in the building of one of the finest clubhouses in the country. According to Grundt, the fact that his organization chose

# ARAB REPUBLIC SHATTERED AS SYRIANS SPURN NASSER

## Storm in State from Knight Blast

Claims Nixon Tried to Stop All Opposition

LOS ANGELES (UPI)—California's never placid political waters were whipped into a storm today with a former governor's charge that Richard M. Nixon tried to maneuver himself into the unopposed Republican nomination for governor.

Goodwin J. Knight, himself a candidate for the nomination, said Thursday that a Nixon emissary telephoned him Sept. 7 and told him, "Dick will be willing to give you anything you want in California, including the Supreme Court, if you don't run."

Nixon, who announced for the governorship Wednesday night, was not available for immediate comment.

### Calls It Preposterous

Robert Finch, Nixon's campaign manager in his unsuccessful bid for the presidency last year, promptly said the former governor's claim of a proffered deal was "absolutely preposterous."

Knight made the charge shortly after repeating his intention of staying in the race.

"It was right after 1 p.m. on Sept. 7 when I received the telephone call," he said. "I knew what it meant—it was a message from Nixon. I had two others in the room lean over and listen."

"He said: 'I telephoned to tell you Dick is going to run for governor.'"

"He asked, 'Would you be willing to meet with Dick and Bob Finch?' then he said, 'Dick will be willing to give you anything you want in California, including the Supreme Court, if you don't run,'" Knight added.

### Says He Has Proof

"If Nixon denies this," Knight said, "I have proof of the telephone call to my private number, and my witnesses."

One of Nixon's closest associates said late Thursday night he felt the former vice president answered the question at the new conference at which he announced his candidacy for the governorship.

The spokesman, who declined to be identified, pointed out that the question had been raised at the conference and Nixon was asked if there was any basis to the story.

"None at all," Nixon replied.

**BUS DRIVER** Spencer Arthur Abercrombie, 36, hands his identification to CHP officer John Walters, following a bus crash early this morning. Bleeding from head cuts which took stitches, Abercrombie tended to his passengers before getting medical attention himself. Nine of the 15 passengers in the bus were treated at Casita Hospital for injuries. (P.S. NewsPhoto)

**LITTLE BENADELL NUNEZ**, 2-year-old, watches her mother, Shirley Nunez, 18, being put on a stretcher by Herb Comstock, left, and Jim Beckwith, right, of Wiefels and Son ambulance service. Mrs. Nunez, who is expecting another child, was the only passenger hospitalized. The crash had such terrific impact that the two vehicles were fused together. (P.S. NewsPhoto)

## One Dead, Nine Hurt as Auto And Bus Crash

An 18-year-old Coachella youth was killed, and nine passengers of a Greyhound bus were treated for injuries after a crash early today on Highway 111 at Indian Wells Lane, near Desi Arnez' Indian Wells Hotel.

Dead was Jacinto Valenzuela, 18, whose address was the Palm Labor Camp in Indio, driver of the car the bus struck.

Listed as injured, and taken to Casita Hospital in Indio were: Spencer Arthur Abercrombie, 36, of El Centro, who suffered cuts and bruises, caused by glass from the broken windshield.

Shirley Nunez, 18, Tucson, Ariz., was hospitalized with injuries, but a hospital spokesman said they were not critical.

A family of three from Dickinson, Tex., Louise Donald, 20, John J. Donald, 47; and Angela Donald, 39, were released after a checkup.

Bessie Deary, 39, of Ontario. Deva Rowlinson, 42, of Ontario. Mariano Mendoza, 52, of El Centro.

California Highway Patrol officers said that the accident occurred about 3:45 a.m. today after Valenzuela, apparently made a left turn from Highway 111 across the front of the bus which was traveling toward Indio. Valenzuela was reported instantly killed. The impact drove the bus halfway into the car and fused the two vehicles together, officers said.

The bus was carrying a passenger load of about 15 persons. Those who were not injured were transferred to another bus to continue their trips.

Valenzuela was pinned in his car. Crowbars were used to free his body, officers said.

## Recommendations on Insurance Requested

Recommendations for major medical expense coverage for Palm Springs Unified School District employees for the current fiscal year were asked last night by the district board, for action Oct. 12.

The recommendations will be made by the district administration, after completion of discussions with the Palm Springs Teachers Association, and the certificated employees groups.

Current coverage, carried by the California Teachers' Association-Blue Cross program, will have both increased monthly costs of \$1.15 per person, and increased benefits, the board was told last night by assistant district superintendent Jack Miles.

Dr. Dwight E. Twist, district superintendent told the board that employees seemed to like the medical program, but at least one pro-

posed field of coverage was omitted from the policy given. Dr. Twist explained that mental health benefits were proposed in the explanatory brochure given district officials last year, but the model contract excluded this field.

Ralph Watts, president of the Palm Springs Teachers' Association, told board members his group was happy with the coverage, though he was unaware of the discrepancy Twist outlined.

Dr. Bernard Poliak emphasized to the teachers the board would not let the employees coverage lapse, but sought a study of possible actions before committing the district to increasing cost payments by an estimated \$4,271 yearly. Dr. Poliak later explained that "coverage for employees in my own office went up, and I paid the increase automatically—but I don't think we can do that with the taxpayers' money."

## U.A.R. Chieftain Decides Against Military Force

BEIRUT, Lebanon (UPI)—The United Arab Republic appeared to have broken up today in the face of a lightning revolt. Rebels in Damascus declared Syria independent of Egypt and set up a provisional government.

U.A.R. President Gamal Abdel Nasser said he had cancelled plans to use large scale military force against the insurgents who rose up against his regime Thursday.

The Damascus Radio announced formation of an 11-man civilian regime that would rule an independent Syria by decree until "free elections" could produce a "legislative assembly."

It said the transitional government would be headed by Dr. Mamoun Al-Kuzbari, a lawyer and veteran Syrian politician.

Almost simultaneously, the radio announced that rebel forces had "wiped out" a 200-man Egyptian paratroop force dropped in the Latakia port area. However, later reports said 160 paratroopers had been captured.

The paratroopers were part of an apparently large naval, air and ship-borne army expeditionary force Nasser dispatched against the rebels.

But in a speech delivered to a mass rally of a quarter million Egyptians gathered in Cairo's Al Ghoumaria Square, Nasser said he had ordered the military expedition to turn back.

UPI correspondent Maurice Guindi reported from Cairo that Nasser told the throng he had revoked the military action plans because he wanted to avoid seeing "Arab fighting Arab" and to avoid pitting one sector of the U.A.R. armed forces against another.

Nasser said he gave the order just before midnight, when the Northern Syrian city of Aleppo and the military commanders at Latakia switched their loyalties to the Damascus insurgents.

With his announcement that he had decided not to try to use force to keep Syria in the U.A.R., Nasser did not indicate what his next move might be. But it appeared he had thrown in the towel, although he could be expected to try reasoning with the Syrian rebels to return to the U.A.R.

There was no word from Yemen, the third element that made up the U.A.R. Syria and Egypt originally formed the nation in February, 1958. The semifeudal kingdom of Yemen allied itself with them later. None of the three separate portions of the grouping had the base for realization of the age-old Middle East dream of a vast panArab nation and land frontiers with the other.

Nasser said there was bitterness over the Syrian uprising, but said "we should not let this bitterness overcome reason and wisdom."

Nasser said it was his duty to proclaim that the U.A.R. "must always remain as a bulwark of Arab nationalism and freedom."

## Reds Protest U.S. Patrols On Highway

BERLIN (UPI)—Russia has protested against U.S. Army patrols on the 110-mile superhighway that links West Berlin with West Germany, a U.S. spokesman said today.

The patrols are being continued despite the protest, the spokesman said.

The Soviet protest was made to American headquarters here five days ago, one day after the patrols were resumed after a 10-year lapse. The military police patrols were sent out on the highway following the detention of two American soldiers by East German Communist police.

Their aim is to aid American motorists in trouble and report any Communist police interference.

### Widen Death Strip

Along the tense East-West Berlin border, meanwhile, Communist police marched 3,000 East German workers into fields and garden plots at dawn to deepen the border "death strip."

Men and women were sent to work with pick-axes and shovels to clear out trees, gardening sheds and other obstacles to create a clear field of fire on would-be refugees trying to escape across the border to West Berlin.

A U.S. Army helicopter and military police patrols near the border observed the Communist action, witnesses said.

## Mosk to Open Trinidad Hotel

California Attorney General Stanley Mosk is expected to snip the ribbon for the Trinidad Hotel opening at 7 p.m. today.

Manager Bill Walsh announced Thursday afternoon that local city officials, probably joined by some county representatives, will greet Mosk. Mosk attended a Democratic party dinner in Riverside Thursday.

## City Wins Friendly Suit With Yeager Co.

The City of Palm Springs, today, won "its friendly suit" against the E. L. Yeager Co., which had asked the Indio Superior Court to validate the contracts on the North Palm Canyon Drive improvement project.

City Attorney Jerry Bunker said that Judge Merrill Brown had rendered a judgement saying that the proceedings and contracts were valid and assigned all costs to Yeager Co.

The Yeager company more than a month ago filed an in rem suit

against the city asking that errors in the contract for North Palm Canyon Drive project be corrected by the court.

Corona attorney John Gunahl, representing the Yeager Company, stood on the evidence supplied in the briefs and added nothing today.

City Attorney Bunker said that the outcome of the hearing was as to be expected, adding that the errors in the contract were of a minor nature and had been corrected.

"YOUNG PIONEER" Jimmie Rogers, first guest of the season at the Palm Springs Spa is greeted by Director Eddie Davidson on opening day. Miss Rogers is a widely known horsewoman and frequent visitor to the plush ladies division of the Spa.

## First Round Lost in Pass Overpass Flight

Palm Springs, along with eight other inland Southern California cities, lost the first round in a skirmish with Beaumont over sharing in the cost of building a \$300,000 overpass in that city.

Beaumont contends that the nine cities involved should help pay for the project because they will benefit by the construction of the bridge over the Southern Pacific tracks at Beaumont Avenue.

The thoroughfare is used by motorists of the cities named, as a short cut to the Hemet - San Jacinto area and the present grade crossing is dangerous, Beaumont claims.

Cities named by Beaumont were Palm Springs, Redlands, Banning, San Bernardino, Indio, Hemet, Coachella, Colton, Cabazon and San Jacinto. The cities contended

## Miss White Passes Away

(Continued from Page 1)

desert and mountains surrounding Palm Springs.

In 1914, the White sisters purchased from Dr. Welwood Murray an extensive block of land located on Tahquitz Drive between Palm Canyon Drive and Indian Avenue for \$10,000. On the land was a small house that had been built by Dr. Murray cut of railroad ties from the narrow gauge railroad that once ran from Garnet to Smoke Tree Ranch, then known as Palm Dale.

Her "Doll House"

Also on the property they had purchased was a small cement and rock house that had been built by the Agua Caliente Indians, and she made it her home. Over the years she added it room by room, and because she was small, the house was tiny. It was soon referred to as "the doll house" and only recently was destroyed to make way for the new museum auditorium.

She is survived her her sister, Mrs. Chase of Banning, 11 nieces and nephews, and 19 great-nieces and nephews.

Funeral services will be held Monday at 10 a.m. at Wielefs and Son Chapel in Palm Springs, with the Rev. Bertrum B. Weatherall officiating. Interment will follow in Wellwood Murray Memorial Cemetery.

## Business Levels Off

LOS ANGELES (UPI)— Researchers of the Security First National Bank said today that Southern California's business activity leveled off last month despite new highs in employment for the month.

Officials said the leveling off indicated a consolidation of recent gains rather than an actual change in the upward trend.

During August, employment in the Los Angeles metropolitan area and San Diego county reached record levels. Officials said that in some areas seasonal gains in employment were balanced by moderate losses in others. The result was an overall gain, in line with seasonal predictions.

## Former Springs Woman to Be Queen for A Day

A former Palm Springs woman has been selected as Queen For A Day on the popular television show.

Mrs. Robert Blecher, the former Miss Elizabeth Vopatek of Palm Springs, appeared on the Queen For A Day program Sept. 26. The program was taped at that time for re-broadcast Tuesday, Oct. 3.

The mother of two children, Raymond, 2, and Elizabeth, 3, the family now resides in Ridgecrest.

The son was operated on for a heart condition, the same day Mrs. Blecher appeared on the television show. According to the grandfather, Miles A. Vopatek of Palm Springs, the child is on its way to recovery.

The former Palm Springs woman attended school here and was employed by the Citizens Bank prior to being married. Her husband is currently with California Electric and was formerly employed by Palm Springs Television Co.

In addition, two private clubs hold general licenses for sale to members only. Nine on sale general licenses are in process — some thought now granted — and two on sale beer licenses were in process Aug. 31.

Quigley, manager of the new club; Harold Simon, project attorney; and Jack Koenacker, the newly appointed golf professional.

## Fidel's Shooters Have Only Begun

HAVANA (UPI) — Premier Fidel Castro told the nation today his firing squads have only begun their work. Hours later, two more Castro foes were executed and the regime demanded death for still another in Santiago.

Shot in dawn executions were Ernesto Perez Morales, accused of being a U.S. Central Intelligence Agency man, and Marcos Vazquez Gomez, accused of leading a group that supported last April's abortive Pigs Bay invasion.

Castro also announced a "purity" campaign to start with the closing of gambling casinos and pool halls. While he spoke police shuttered the plush gaming rooms at Havana's formerly plush hotels and started closing pool salons.

The new executions raised the total this month to 28 and to nearly 1,000 since Castro began his 33 months in office.

In a 2 1/2 hour speech broadcast by Havana Radio, Castro said his revolutionary tribunals now are dealing with the thousands of other Cubans arrested at the time of the unsuccessful invasion.

"Our enemies know the fate that awaits them," he told a mass meeting in Havana's Republic Square. "They face the most severe punishment—the firing squad."

BOMARC on Target  
EGLIN AFB, Fla. (UPI) — A Bomarc "B" supersonic missile intercepted a pilotless jet bomber 25,000 feet above the Gulf of Mexico Thursday and destroyed the test target with a direct hit.

looking for a place to die. He bought the garden hose in Banning, and drove on toward Palm Springs.

Patrolman Ed Romanoff found Herbert Carlson, 47, lying on the floor of his car west of Highway 111 near the north city limits. Carlson's head held down the car accelerator, and carbon monoxide fumes poured into the passenger compartment through a garden hose hooked to the exhaust pipe.

Romanoff pulled Carlson from the car. The victim was ill and nearly unconscious from the fumes.

"I believe that the fact the rubber hose melted where it was put into the exhaust pipe probably saved his life," Romanoff said. He explained the fusing rubber had blocked the fumes from the hose.

Carlson, who told officers he was despondent over personal affairs, and released to protective custody of police. His wife, Irene, picked him up at the police station at 2:30 a.m. today.

Carlson told officers he had left his home in Compton at 11 a.m. Thursday, and drove to the desert

Some Readers Misunderstood  
A misunderstanding by some readers drew a comment from Massey Construction Company today, explaining that the suit filed by them against the All American Investment Corporation in no way affected the Palm Springs Ranch Club nor its owner, Noel Clarke.

The suit to foreclose a mechanics lien was filed in the county clerk's office in Indio earlier this week, and named The All American Investment Corp., Los Angeles Trust Deed and Mortgage Co., Security Title Insurance Co., the San Jacinto Development Co., and the West Palm Springs Ranch Club.

This development is located in West Palm Springs, off Highway 60-70-99 and is not the same as the Ranch Club and San Jacinto Golf course development in the northeast corner of Palm Springs, according to R. W. Parker of Massey Construction.

## Try to Avert Grocery Strike

LOS ANGELES (UPI)— Negotiations to avert two walkouts that could cripple Southern California's wholesale grocery and meat packing industries continued today but the prospect of reaching any settlement looked dim.

Federal Mediator John Fenton scheduled a bargaining session this morning between the Food Employers Council and representatives of 15 Teamster locals in an effort to head off a walkout that would affect an estimated 75 per cent of the area's dry grocery supplies.

Teamster membership meetings were called for Saturday and Sunday. So far, union officials have not called officially for a strike. But observers reported that a Sunday midnight deadline would be set out for a new contract, with a possible walkout Monday.

## Land for Shelter Offered Springs

Palm Springs city officials are considering an offer by George W. Davies, Los Angeles associate in a bomb shelter sales firm, to give the city 40 acres of mountain land for a public bomb shelter site.

"I was in England during World War II, and believe me there wasn't anything available there comparable to the chance to use a protected mountain site for a public shelter," Davies said.

The site he proposed to the city is above Tahquitz Falls, beginning at 2,800 feet elevation; and extending uphill approximately 600 feet higher.

"I haven't been on the property myself," Davies said Thursday. He added he has seen the property from Tahquitz Falls.

"It would be a major engineering project," Davies said. Some city officials, who declined to be identified pending full study by city officials, agreed that the engineering work would be major.

"The access to the property

Quiet Integration  
ATLANTA (UPI) — Negroes quietly integrated lunch counters and restaurants in 13 variety and chain stores Thursday to fulfill a seven-month-old desegregation agreement.

The integration was carried out by pre-arranged plan shortly after the close of the noon lunch hour traffic had left the eating places.

## Nixon Still in President's Race

**WASHINGTON (UPI)** — Richard M. Nixon remains in the 1964 presidential race despite his disavowal, unless he loses his bid for the California governorship. Nixon's intimates said Thursday this was the safest conclusion they could make in weighing his announcement that he would run for governor but "not seek the presidency in 1964."

They apparently attached importance to the phrase "not seek." Politicians traditionally avoid crossing or burning their bridges until it's necessary.

Any other stand than to make it clear he intended to serve a full four-year gubernatorial term would invite defeat.

A Nixon victory — with or without a slump in President Kennedy's standing — would almost certainly develop a "draft Nixon" movement for 1964. A defeat, however, might end his presidential chances forever.

## Tomorrow Is Deadline on Rate Signs

Hotel and apartment rate signs must be removed by tomorrow, owners and operators were reminded today by Dr. Sherman Dickinson, president of the Hotel and Apartment Association. The city ordinance prohibiting such signs goes into effect Sunday, Oct. 1.

Dr. Dickinson urged full compliance with the city law which will be enforced until May 31. He said removal of rate signs is desirable for all concerned.

"Signs such as these detract from the attractiveness of the setting. They give the impression of second class or cheapness and definitely tend to encourage 'shopping around,'" he said.

He called attention to the rate sign law and reminded operators that the city building inspector is empowered to enforce the ordinance and to issue citations where compliance is refused. The measure carries a penalty up to six months in jail and fines up to \$500 for violations.

"Inasmuch as this law is generally recognized as justified, the association strongly urges its members and others to comply," Dr. Dickinson said.

## 29 Palms Visitor Held on Grand Theft Investigation

**TWENTYNINE PALMS** — Ray A. Elmore, 41, who was visiting relatives in this community, according to Sheriff's Deputies, is being held for investigation of grand theft of a 1960 pick-up truck. The truck was reported stolen by the owner, Ted Watkins, of Twentynine Palms, on Sept. 24.

Elmore was arrested by Deputy M. Gagner on Sept. 26. Arraignment of the suspect was scheduled by the sheriff sub-station commander, Lt. Larry Pressnall, late Wednesday afternoon in the Justice Court.

According to information received from the San Bernardino County Sheriff, Elmore was released from the Federal prison on Terminal Island Aug. 31, after serving two years on a 30 month sentence for transporting a stolen car across the Nevada-California line.

## Federation Return of \$3.90

**ST. PAUL** — Financial Federation, Inc. expects nine months earnings to be approximately \$3.90 per share, Edward L. Johnson, president, told The Twin Cities Society of Security Analysts at a luncheon meeting today.

Coachella Valley Savings and Loan Association of South Palm Canyon Drive in Palm Springs is one of the eleven affiliated associations of Financial Federation.

Johnson supported his estimate by reporting on internal operating figures for the eight months ending August 31, 1961, which are computed on a cash basis. Total savings of the eleven affiliated associations were 32.4 per cent greater than at Aug. 31, 1960 and mortgage loans outstanding were up 33.8 per cent. Net earnings, before appropriations to general reserves, showed a 30.9 per cent gain over the same period in 1960.

"Dick can always take another look at things in 1964," one close friend said recently in predicting that Nixon would try to unseat Democratic Gov. G. Edmund (Pat) Brown.

Despite the fact that the former GOP vice president lost to Kennedy by an historically narrow margin last year, few Republicans expect 1964 to be as good a time as 1968 to try for the White House.

At 48, Nixon is young enough to wait the additional four years. But anything could happen to change the outlook and alter the demands on a potential candidate.

### Decision No Surprise

New York Gov. Nelson A. Rockefeller sided with those who do not feel that Nixon is "out" of the 1964 race. Rockefeller, who is almost certain to seek the presidential nomination, stressed that it was "premature" to count out Nixon.

Hazardous as it might be, Nixon's decision came as no surprise. His associates emphasize that a victory in California would keep him in the political limelight, broaden his administrative experience, and give him a badly needed personal staff for the immediate years ahead.

## Open House for Wives at USO

**TWENTYNINE PALMS** — Maj. F. F. Holmlund, Salvation Army, who is the director of the local USO, has invited the wives of men stationed at Marine Corps Base, to attend an Open House, Tuesday, Oct. 3, at 10:00 a.m.

The Open House has been planned to acquaint the ladies of MCB with the activities and facilities available at the service club.

"These ladies from the Base have furnished refreshments or have helped to serve the young men using the club for the past three years, and we feel that they should have a first hand insight on our activities," the Major said.

Open House will prevail from 10:00 a.m. until noon. Coffee and refreshments will be served. "If baby sitters are a problem," Maj. Holmlund added, "bring the youngsters along."

## Fall's First Hotel Meeting Next Tuesday

A call is out today for all Palm Springs hotelmen to attend the first fall meeting of the Hotel and Apartment Association next Tuesday.

Sherman Dickinson, president, announced the session will start at 12 noon, in the Monaco Room of the Riviera Hotel.

Nominations for three vacancies on the association's board of directors tops a heavy agenda of association business scheduled by Signmund Ehrens, Dickinson said.

The session was set at a board meeting at which the newly appointed manager, C. C. Means, was introduced. Dickinson reported to board members on summer activities, including Translator television, income sources, swimming pool safety, parking meter action and taxes.

## Hot Springs to Hear CD Chief

**DESERT HOT SPRINGS** — Austin Finch, civil defense director here, will speak on the need for preparedness at an open meeting of the Desert Hot Springs Improvement Association Oct. 7 at 7:20 p.m. in Town Hall, Eighth and Cactus.

Leslie Morgan, president, invited all interested persons to attend.

**TOP STUDENTS** at Palm Springs High School, from left, Philip Harnage, Steve Nichols and Jim Laukus have been named semi-finalists in the seventh annual National Merit Scholarship competition. They earned the honors by tests. A rigorous, three-hour test on Dec. 2 will determine whether they are finalists and eligible for scholarship awards.

## Ship Strike Picket Lines Slated Today

**SAN FRANCISCO (UPI)** — The Masters, Mates and Pilots Union was scheduled to set up picket lines through West Coast ports today in a strike against the Pacific Maritime Association.

The strike began Wednesday night after the MMP turned down a "final offer" by the PMA. However picketing was delayed until today to permit unloading of perishables aboard ships in port.

An extended strike could tie up 135 vessels operated by 13 member companies of the PMA. The first casualty was the Matson Navigation Company's luxury liner Lurline.

It was scheduled to sail for Honolulu today, but Matson said the trip was cancelled and attempts would be made to book air passage for 500 passengers.

Six other ships were tied up in San Francisco and four in Los Angeles Harbor.

Two other Matson liners, Matsonia and Mariposa, proceeded with normal dispatch through the port of Honolulu after receiving assurances from the MMP that they would picket vessels only in their home ports.

The dispute between the PMA and the MMP was the only part of this year's national maritime strike which was not settled before expiration of an 80-day cooling off period imposed by a Taft-Hartley injunction.

The injunction expired last week but a West Coast strike of the MMP was delayed for formal dissolution of the injunction and then delayed further for last-minute bargaining.

Capt. Robert Durking, MMP West Coast president, said the offer was less than the shipper's original offer and "worse" than settlements on the East and Gulf coasts.

## Weeks Funeral This Afternoon

**JOSHUA TREE** — Funeral services for Paul Rayborn Weeks, 47, who died following a long illness at his home last Wednesday, will be held this afternoon at the Wiefels and Sons Funeral Home in Twentynine Palms.

Weeks had resided in Joshua Tree for the past two years. He was born in Whitehall, Ark., Sept. 20, 1914. He will be laid to rest in the Twentynine Palms cemetery.

He is survived by his mother, Billie L. Ellison of Joshua Tree; a brother, Cecil W. Weeks of Los Angeles; two sisters, Marjorie Taylor of Los Angeles and Daisy Hernandez of Long Beach; and a daughter, Irene Patroni of Mount Rose.

## Hammar skjold in Final Rest Today

**UPPSALA, Sweden (UPI)** — A mourning nation prepared today to send Dag Hammar skjold, who spent a lifetime pursuing world peace, to his final resting place.

Swedish officials and dignitaries from many nations converged on this ancient university town to pay their last homage to the United Nations secretary general.

A state funeral, usually reserved for Swedish royalty, was set for the cathedral here, the town that gave Hammar skjold to the world. The Hammar skjold family plot was ready to receive his remains.

**Johnson Attends Funeral**  
U.S. Vice President Lyndon B. Johnson and General Assembly President Mongi Slim—the latter mentioned as a possible interim successor to Hammar skjold—were among the world figures on hand to hear Archbishop Erling Eidem conduct funeral ceremonies.

The Soviet Union, which had boycotted the secretary general in life, announced that ambassador to Sweden Feodor Gusev and his wife would attend the church ceremony.

## BB Shooters in 29 Palms at It Again

**TWENTYNINE PALMS**—A BB-shooting vandal is still plaguing merchants of this High Desert town. Another incident was reported to the Sheriff's office Wednesday when the Lyons Furniture Store on Adobe Road, was found with BB shot holes in its plate glass window.

During the past week, Lt. Larry Pressnall reported, several merchants on Twentynine Palms Highway and Adobe Road have reported damage to their windows.

The sheriff's office believes that the vandal or vandals are shooting the BB gun from a moving car.

No particular area or establishment has been bothered and the pattern seems to be a scattered one, according to Lt. Pressnall.

### Termites

**EAST LANSING, Mich. (UPI)**—A building erected on the site of an old woodlot, vineyard or orchard is especially vulnerable to attack by termites, Michigan State University Entomologists report.

## Resort Reports

### Returned from

... Texas and Colorado, Mr. and Mrs. Fred Blades (he's vice president of Shadow Mountain Club) said they enjoyed a few weeks at the Fishing Festival at Port Isabel, Tex., visited their son, Jack Blades in Fort Worth, then completed their vacation in Colorado. Their son is in charge of Ben Hogan Co., the firm that makes Ben Hogan golf clubs.

### Pulling a trailer

... Walter and Helen Davis returned from a three-week trip to Spokane, Wash., fishing and relaxing. Their son, Bob King will complete his teaching course at Whitworth College next June.

### Just back

... from a six-week vacation in Oregon is Harry Snyder, 65-970 Buena Vista, Desert Hot Springs. With him were his wife, Pat, and daughter, Eugene. At Portland they visited Emily Strauss, a sister-in-law, and several friends. en route home the family stopped off at Newport Beach.

## Progressive Jazz Pianists To Appear at Redlands U.

"Progressive Jazz in the American Manner," featuring the artistry of pianist Pete Jolly and Ralph Pena on bass will be presented in concert at the University of Redlands, Watchorn Auditorium, Tuesday, Oct. 3 at 8:15 p.m.

Tickets may be obtained in advance from the UR School of Music Office and Gair's Department Store, Redlands.

A duo since 1938, the young artists have achieved recognition in the musical world for their recordings, appearances in theaters, television, clubs and tours.

A whirlwind 21-day concert tour in Australia and New Zealand last year brought them numerous accolades from press music reviewers.

Ralph Pena, graduate of San Francisco State College, has performed with many musical groups including the Billy May and Charlie Barnet bands. He performed in "The Man With the Golden

Arm," "The Wild Party" and other motion pictures and played with Jolly in "I Want to Live." He has recorded with Frank Sinatra, Ella Fitzgerald and Mel Tormé.

Pete Jolly, although only in his late twenties, has performed as accompanist with musicians Jack Teagarden, Barney Kessel, Maynard Ferguson and the Shorty Rogers All-Stars.

In reviewing an engagement, "Downbeat," musical magazine said of the Duo, "The degree of communication established within the duo becomes obvious as you watch them work. As with so many first rate, enthusiastic jazz musicians, they seem to really enjoy themselves but in little subtleties that become apparent if the listener also observes with his eyes.

"The music was jazz, brilliant and genuine, unspoiled by glamour of sophistication... It was not an act or a show; it was a spontaneous excursion."

VIVACIOUS Roberta Lee, appearing in the Round Up Room at the Ranch Club, delights guests with her versatility of tunes, ranging from soft ballads to belted show-stoppers. Hal Rogers accompanies her at the piano.

## WHAT'S DOING

**CHI CHI** — Lynn Carroll, pretty brunette songstress, and singing guitarist Renato are the current billing in Chi Chi's Gilded Cage.

**DON THE BEACHCOMBER** — Opening next Wednesday night, with the cantonese cuisine and tropical drinks, for which it is famous.

**THE DUNES** — Harry Gillingham at the piano and organ.

**HOLIDAY INN** — Bilty Allen and his orchestra are the dancing attraction at Milt Hicks new hotel on the Strip, that opened this week.

**HOWARD MANOR** — The popular combo, the Evaro Trio, continue in the Celebrity Lounge, with Pat Barbara and his orchestra playing for dancing in the Manor Room.

**RANCH CLUB** — Roberta Lee is belting out the songs in the Round Up Room, with Hal Rogers at the piano.

**RIM ROCKS** — This hilltop restaurant opened last night with piano-bar entertainment.

**RIVIERA** — Clessa Williams, one of Palm Springs most popular songbirds, moved into the Riviera spotlight this week. Still there, Guadalupe Boys, long-time Village favorites.

**PLAZA** — Thurs. - Sun. — "The Exodus."

**SUNAIR** — "Fanny," "World by Night."

**VILLAGE** — Current attraction is "Alakazam, The Great" and "Atlas." Sun., "Walk The Proud Land." Audie Murphy, Pat Crowley, and "Tanganyika." "Exodus" starts Mon.

## Celebrities in Luncheon Crowd

Popular rendezvous for Hollywood luminaries is Milton F. Kreis' Signature Room and they have been seen frequently of late. Among them Kitty and Mervyn Le Roy (the famous producer-director and his wife are here for a three week stay) who were lunching with TV star Milton Berle the other noontime.

Cmdr. and Mrs. Reginald Venable (she's Fay Bainter), just back from Hollywood where she has finished her role in the new Mirisch Brothers picture "The Children's Hour," and Sol Lesser, another famous producer and a Palm Springs home owner, were others lunching there.

NEW MANAGER of the Tennis Club is Barry Kearney, who comes to the desert from Chicago, where he was manager of the Buttery. (Desert Sun Photo)

## Jeffrey's and Jillion Flavors Have Opening

With the opening Thursday of RimRocks and Jeffrey's, the Milton F. Kreis' enterprises are in full swing. The MFK drug store and the popular Signature Room were, of course, open all summer.

Jeffrey's, which is in Cameron Center opened under the management of P. J. Valense, popularly known as Mr. Val. During the summer months a new fountain was installed at the north end to expedite service in patio and diningroom. A new chef, with a continental background, is Frank Grizzle. Jeffrey's is open from 7 a.m. to midnight, except weekends, when it remains open until 1 a.m.

**SEEKS COLORADO CURVE** — HOLLYWOOD (UPI) — Producer-director King Vidor is in Colorado scouting locations for "Turn In The Road" which he will film there and at Allied Artists studios here.

## DO YOU NEED A MANAGER?

SONGSTRESS Lynne Carroll, currently appearing in the Gilded Cage at Chi Chi, adds beauty to the gaiety that reigns in this colorful and cozy night spot.

CURRENT ATTRACTION at the popular Chi Chi is, Renato, the guitarist's singing-guitarist, where he is appearing with Lynn Carroll in a fun-packed show featuring Helen Lawson. These musical-comedy sensations have just completed a regional tour.

## Circle O Square Meet Again

The Circle-O Square dance club, sponsored by City Recreation Department, will dance as usual this Saturday, at 8 p.m. at the Pavilion.

Circle-O dancers are again enjoying fun-filled evenings of dancing to Osa Mathews' calling. At their opening dance they greeted visitors from distant Vancouver, B.C., who declared Circle-Os the

friendliest group they had met on their travels. Other visitors were from the Sidewinders Club of India.

Coffee and donuts were provided by the refreshment committee who were Herman and Beatrice Wittenberg, Margaret Dandurand, Mary Bernard, Louise Gibson and Bill Myles.

Filming was delayed because Duggan has been making "Mer-rill's Marauders" in the Philippines. Miss McCay in the interim has been making "Lad, A Dog," for Warners.

Tapestries

17 THE PLAZA

Lido Hotel. Other officers installed were: Bonnie Kozlen, vice president; Pat Albright, secretary; and Betty Williams, treasurer. Beverly Devlin, of Riverside, who acted as installing officer, presented each officer with a different-color corsage.

Lucille Johnson presided in the absence of the retiring president Eileen Hair, who was out of town. Mary Moore, of Riverside, addressed the group, speaking on Credit and the Credit Women's Breakfast Clubs.

The new president, Betty Hamilton, appointed the following committee chairmen: Lucille Johnson, ways and means; Bonnie Kozlen, program and education; Charlotte Dirlan, hospitality and entertainment; Adelaide Wall, membership.

She also gave a short outline of what the club hopes to accomplish this year. Tentative plans were made to send her to the November seminar in Reno.

## Around Town

... with Hildy Crawford

Charel de Thomee, who has been a Villager since the early days when he presided at the piano in the old Blue Room at Chi Chi, in the pre-Starlite Room days, is back in his Tamarisk Road home after spending the summer at Laguna.

There was a nice surprise waiting for him when he got home, for those two thoughtful people who quietly go around doing so many nice things, Virginia and Irwin Schuman, had the house and grounds ready for occupancy. The pool was cleaned, the statues in the garden had their faces washed, the grand piano that belonged to Padrewski and the antiques in the cabinets had been dusted, to make a warm welcome home for Charel.

Helen (Mrs. James) Abernathy, who still isn't answering the telephone in her Palm Springs house, has a collection of paintings on exhibit in contemporary room settings at the Peggy Campbell Studios in LaJolla. The exhibit, which opens this evening will be there just for the weekend. Helen, of course, is well known in local art circles and is painting in the impressionistic style, but occasionally does a delightful desert scape.

Louise and Maury Horner linger in their Sheridan Road home in Winnetka, but they are thinking of Palm Springs and expect to arrive here to open their home early in November. They have

just returned from their annual visit to Dorothy and Horace Horner in New Jersey, but Maury and Horace did not go hunting as they usually do as the weather was so hot and humid there.

From the River House at beautiful, cool Wynton, up at the foot of Mt. Shasta, Rosalie (Mrs. George) Hearst writes that they are off to San Francisco soon and plan to stop at Bay Meadows and watch a few races, before going to San Cimeon. At San Simeon, George is scheduled to present a gift from the Hearst family to the millionth visitor to the Hearst Castle. The Governor is supposed to be there for the event. Rosalie said that it doesn't look like they will be back in their Palm Springs home before the second week in October.

It's been a sad summer for Ponnie (Mrs. Hank) Ridder, who spent May and June in bed following a coronary that she had here in April. She's improving and hopes that she will be able to start playing golf by mid-October.

Ponnie lost her father Frederick Duncan Murphy of Montclair, New Jersey and Little Boar's Head at Rye Beach, New Hampshire on Sept. 4, and is back there with her mother. Her father was a pioneer in the field of rotogravure and was president and founder of the Art Gravure Corporation of New York

printers of rotogravure supplements of Sunday newspapers.

The Ridders, who sold their Santa Rosa house last spring, plan to live at Thunderbird but due to circumstances haven't done anything about it yet.

When Ponnie returns to their Long Beach home next week, she plans to spend some more time convalescing aboard their new fishing yacht "The Paper Clip" before coming to the desert for the winter.

The lights are on again at the Alejo Road home of Bertha and Ed Robbin, who drove down from their Reno ranch home on Wednesday. The Robbins made an extensive motor trip to the east coast and up into Canada this summer.

From Paris, Frankie Spitz writes that she is eager to get back to her Palm Springs home. She's staying at the George V Hotel and says she keeps meeting people there and around Paris, who winter in what she calls "our glorious desert," and that Palm Springs is getting as well known over the world as Hollywood. She mentioned meeting Fritzie Loewe (can't wait to get back to his casa she writes), Hilda and Dr. Alfred Strauss, Florence Heller and more.

From Paris, Frankie goes to Rome and London and sails for home on Columbus Day.

THREE SISTERS are in this group that was Dunes dining. On the left, are Mrs. Leonard Berman and her husband, of Palm Springs, who were hosting her sisters, Mrs. Ted Morse, center, and Mrs. Lillian Kipp, of Los Angeles. Mrs. Morse and her husband, who with his two brothers is building the 50 million dollar project at the Merchandise Mart in Los Angeles, have a new home here. (Desert Sun Photo)

NEW PRESIDENT of the Temple Isaiah congregation, Lew Levy and his wife, on right, are pictured with retiring president Abe Levin and Mrs. Levin, on left, at the Riviera Hotel where they were attending the annual Yom Kippur dance. (Candida by Carroll)

### Plan Rush Tea

A Rush Tea, a fashion show and programs featuring outstanding speakers were on the program of events discussed by member of the Palm Springs Business and Professional Women's Club, when they met at the Ramon Trailer Park home of Helen Starry. Club president Grace Weatherford conducted the meeting.

### Celebrate Silver Anniversary

Mr. and Mrs. Al Normandin of 611 El Placer Road, were pleasantly surprised when a group of friends dropped in to help them celebrate their 25th Wedding Anniversary.

The friends, who arrived bringing a wedding cake and a gift of a chest of silverware, included: Mr. and Mrs. Elmer Buza of San Bernardino, Mr. and Mrs. Phil Buza and son Jerry of Rialto.

### GARDENING IN THE DESERT

## Local Nurseries Offer Desert Plants

If your grounds are sufficiently spacious and you feel an urge to retain in them the desert atmosphere do not rely on public lands to satisfy that urge. State and county laws specifically prohibit tampering with native plants in their wild state. Even the picking of wild flowers is forbidden by statute.

However, local nurseries will supply any variety of desert plant you need from the eternal smoke tree all the way to seeds for desert verbena and desert poppy. These natives bloom for only a short period but their blooms are spectacular and run in colors from the white of the prickly poppy and silver queen, through lavender, yellow, rose purple, purple and red, to the smoke tree. Among the yellows are creosote bush, palo verde, parkinsonia, perfume acacia, encelia, and Mojave bloom.

#### Colors Vary

The blooms of the ocotillo and chuparosa are red. Desert laven-

der and rock verbena are lavender. Honey mesquite brings out a creamy yellow bloom. In addition to these there are many species of cacti which require little care but will surprise with grotesquely shaped and elegantly colored blooms in season. Keep the prickly cacti away from spots frequented by young children. Plucking those tiny, thorny spikes from children's hands is no mean operation.

Most of the above are economical in their water requirements and should be planted apart from flower beds and lawns where copious irrigation is the order of the day. When planted select if possible a permanent location. Almost without exception these plants do not relish transplantation.

An attractive hedge bordering your garden has several advantages and serves many services. It provides a windbreak commensurate with its height. If sufficiently dense or cultivated along a wire fence it keeps stray dogs from tramping in your flower beds. If grown to sufficient height it affords privacy and, if trimmed and a little extra care expended on it, provides an excellent background against which to accentuate the color and beauty of gladioli, stock, snapdragon, petunias, roses and the other host of plants which bloom so spectacularly in this locality; of course the summer season is not kind.

## Builders See Modest Boom

NEW YORK — Builders expect the recovery now in progress in their business to become a modest boom next year, according to a new Fortune survey. The magazine's October issue carries results of its semi-annual study of the business expectations of homebuilders.

The builders queried by Fortune say they plan to start construction on more than 1,500,000 housing units next year. Their estimate is substantially above the 1,400,000 units projected by most construction economists and it is well above the 1,350,000-unit rate at which housing starts were being made over the last three months.

## TO HOME OWNERS ONLY

### Have you those High House Payment Blues

Let us refinance your existing mortgages whether you have one, two, three or more, and consolidate them into one **FHA HOME INSURED LOAN**. This loan will

1. Lower your monthly payments
2. Give you up to 30 years to pay.  
(Age no Barrier)
3. Allow one payment to include principal, interest (5¼%) mortgage insurance, hazard insurance, and taxes.
4. Include all charges, including escrow, for obtaining the loan.

### How would you like to sell your home Faster

You know that a home that is offered at a realistic selling price and featuring small down payment, low monthly payments and lower interest rates will appeal to all buyers. For \$55 we will obtain for you

1. A loan commitment good for one year, which can be up to 97% of the FHA appraised value.

## Alpine Village Unit Attracts Wide Attention

Because last week-end's opening of the second unit of Palm Springs Alpine Village attracted such widespread attention, the event, which also marked opening of the new desert-mountain, year-around resort's second successful sales season, has been continued, according to Allan Reading, general sales manager.

Located 3,800 feet above Palm Springs in the high desert, and on the Palms - to - Pines Highway, the second unit is repeating the popular feature of the initial unit, by offering private full acre estate sites for second homes. These offer retirement, vacation or investment that assures the buyer a full 43,500 square feet of virgin land, with nothing sacrificed for streets, walks, utility installations, etc., Reading said. Many of the sites in the second unit, like those in unit 1, are heavily wooded with Pinon Pines, he also pointed out.

Four days before opening of unit two, the Planning Commission of Riverside County heard a three-hour proposal for new and expanded zoning for the village, when spokesmen for the developing corporation asked for commercial zoning for 11 per cent of the parcels involved, apartment or multiple zoning for 27 per cent of the property, and single - family residence zoning

for approximately 62 per cent. Highlight of the hearing was a parade of some 35 purchasers who attended, at their own best, to tell members of the commission their plans for developing their property.

It was estimated by corporation officials that proposed plans for the construction of nearly \$10 million in commercial structures were outlined to the commission by purchasers at the hearing.

All structures would conform to the development's restrictions providing for approved Alpine-style architecture, Reading explained.

Because of the volume of testimony offered by purchasers, engineers, sanitation officials and others, hearing was continued until Tuesday, Nov. 14.

## SM Club Sets Opening for October 14

**PALM DESERT** — Aside from the construction of the new Terrace Grill, patio and golf pro shop, workers have been busy at the Shadow Mountain Club this summer completely refurbishing the private facility.

With the interior done in two shades of gold and an almost completely new kitchen, the SMC will be ready to open its doors to the membership and their guests by Oct. 14.

The entire building has had new carpets installed, and new draperies on the windows.

### New Grill

The new Terrace Grill, adjoining the huge dining room of the club, will be completed and will serve food to members of both the club and the golf club.

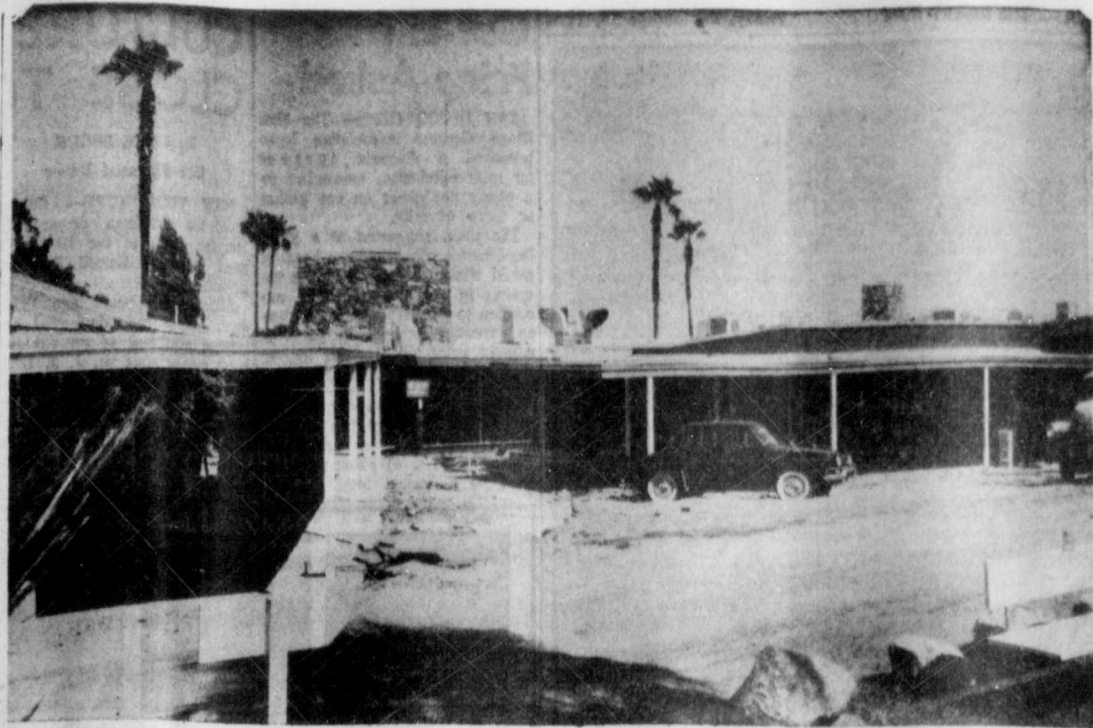

The main dining room has not been changed, except for the carpeting and drapes, with the orchestra stand and dance floor still located in the center of the main room. The small wing of the main dining room, which has its own bar and is used primarily for private parties, has been renovated, and on one wall is a mural of a country scene.

Added to the new golf pro shop, immediately adjacent to the private club, is newly redecorated men and women's locker rooms and lounges.

### Other Events

The club has announced that its informal opening will be held Oct. 14 with a buffet dinner, followed on Nov. 11 with a formal opening party.

Other events scheduled for the Shadow Mountain Club this season include Thanksgiving dinner, Nov. 23; Egg Nog party, Dec. 24; New Year's Eve, Dec. 31, and New Year's Day breakfast with television of Pasadena parade and Rose Bowl game, the Shadow Ball on Jan. 27; Tennis Ball on Feb. 16; Aladden Ball on Feb. 20; Artists Ball, Mar. 24; the famed SMC luau, May 12; and Monte Carlo night, May 26.

**NEW PROFESSIONAL** shop, patio, and terrace grill at the Shadow Mountain Club are nearing completion after working almost all summer on improvements to both the private club and the Golf Club. The above picture was taken from the golf course toward the club house. (Desert Sun Photo)

## Palm Desert Realtors Report Convention Plans

Many realtors and real estate salesmen from Palm Desert are preparing to leave for Los Angeles to attend the 37th Annual Convention of the California Real Estate Association to be held in that city beginning on Sunday, Oct. 1 through Thursday, Oct. 5, according to Dick Coffin, secretary-treasurer of the Palm Desert Board.

Over 5,000 Realtors from 169 real estate boards throughout the state are expected to attend, Coffin said.

According to an advance copy of the 40-page convention program, this year's five-day meeting will include discussions and addresses on practically every phase of the real estate business.

More than 80 sessions on specific real estate subjects are listed in the program including an impressive list of nationally prominent speakers who will address the general sessions to be held in the huge Philharmonic Auditorium. Real estate experts in the various specialized fields of the business will address the convention's many conferences, panels, and round-table workshops at the Biltmore Hotel.

Coffin said that he had received word from Kenneth H. Smitten of San Francisco, president of the 33,000-member state association, that some local Realtors have

been selected to appear on the program. Among local experts slated to address is L. Thorpe Lake, whose topic will be "Resort Properties."

The Palm Desert Board has further been honored by a request that Dick Kite, president and Hal Kapp, give their rendition of "The Lord's Prayer" at the Presidents' Dinner-Dance to be held Wednesday evening. Coffin stated Smitten had been so impressed when Kite sang this prayer at the District Meeting in Palm Springs that he expressed the desire to have it repeated before the state conclave.

## Separate Your Plants Now

**URBANA, Ill. (UPI)** — Many plants with strong clumping tendencies will do better next year if divided and transplanted late this summer or in early fall.

C. E. Ackerman, University of Illinois extension horticulturist, prescribed this treatment for iris, peonies, June-flowering chrysanthemums, lilies and hardy spring-flowering bulbs.

He pointed out these perennials actually start root development in the fall and begin growing before freezing weather. He cautioned against late fall transplanting because the plants do not become reestablished before freezing weather.

For the actual transplanting, set the plants firmly into the soil with the roots well spread to a depth slightly lower than that at which the plants previously grew. Firm, but do not pack, the dirt about the roots.

Watering may be unnecessary where the soil is moderately moist, but under hot, dry, windy conditions, water the transplants enough to moisten the soil to a depth of six to eight inches.

## Visitors Meet New Manager

**RIVERSIDE** — Visitors to the open house observance opening new offices for First American Title Company of Riverside were introduced to the firm's newly-appointed manager.

He is Harry L. Paulsen, who has a varied background of title service. Paulsen is replacing William G. Was, vice president and manager of the company for the past three years. Was is to be president of Arizona Title Insurance and Trust Company, a First American affiliate.

As administrative assistant in the parent firm for the past three and one-half years, Paulsen has directed the building of title plants for First American offices established in San Diego, Santa Barbara and San Luis Obispo counties, and was in charge of revising title plant facilities at First American Title Company of Riverside.

His eight years of experience with First American have included periods as assistant plant manager, special services department manager and personnel director for Orange County Title Company. He also is a member of the board of directors of the company's newest affiliate, First American Title Company of Central California, Bakersfield. A native of South Dakota, Paulsen came to First American after four years in the U. S. Marine Corps during the Korean War. He and his wife, Joan, have two sons, Steven, 3, and Mark, 1.

## Back To School Means Return to Eye Strain

By CLAIR COX

NEW YORK (UPI)—The back-to-school season means a return to eye strain for many children. Inadequate lighting at home and glare in the classroom combine to create difficulties that affect studies as well as eyesight, lighting engineers report.

Studies by the American Home Lighting Institute show the average child does his homework in a room lighted with bulbs providing less than 10 foot-candles (a unit for measuring light). The average level in modern schools is 80 foot-candles, the institute said.

**Lighting Still Inadequate**  
While the school light level usually is a big improvement over that at home, an Institute official said, it still is inadequate. A person reading a book under the shade of a tree would have a light level of 1,000 foot-candles, considered by experts to be the ultimate in efficient lighting intensity.

Children frequently suffer from eye strain because they go from reasonably well-lighted school rooms to poorly lighted study areas at home. An estimated 25 per cent of school-age children have defective eyesight, which is aggravated by poor lighting and glare, Lighting Institute researchers reported.

Illuminating engineers are working constantly to try to reduce glare in classrooms. Some

have eliminated windows to achieve the desired result. But little is done about glare in home lighting, which engineers said usually is caused by poorly shielded or unshielded lights. Reflection of light on glass-topped desks or other shiny surfaces, or keeping a desk or work table lighted and the rest of the room dark. The latter creates too much of a contrast between the study area and the space around it, a condition that is just as hard on the eyes as watching television in a darkened room.

**Good Lighting Guides**  
Institute engineers provided the following guide for lighting a study area properly:

—The study room should have at least one ceiling fixture, 15 to 17 inches in diameter, or an equivalent wall fixture for general lighting. This fixture should be turned on whenever a child uses his desk and the light on it.

—The desk fixture should have an incandescent bulb of at least 100 watts or a fluorescent lamp of 40 watts.

—The bottom of a hanging or wall fixture should be 15 inches above the desk top.

—Light should be diffused with a translucent shield.

—Face the desk toward a light-colored wall to reduce contrast and reflect light.

—Cover a shiny desk top with a lightly tinted blotter.

## Cut in Milk Price Asked

SAN DIEGO (UPI)—The San Diego Grocers Association have proposed a discount system for milk purchases, amounting to a penny per quart on one gallon or more of milk.

The plan, suggested at a state Department of Agriculture hearing would eliminate a need for an increase in the price of milk, according to the association, because an expected increase in the volume of sales would cover higher production and distribution costs.

Most adult fireflies eat nothing at all. Their energy has been stored from the larval stage, and their lifetime is so short they require no additional food.

## CULTURE AMID CABBAGES, LEANING CLOSE TO LETTUCE, GOOD BUSINESS

By JESSE BOGUE  
UPI Financial Editor

NEW YORK (UPI)—Culture amid the cabbages, or at least learning close to the lettuce, is good business, Harold Drimmer believes.

About seven years ago Drimmer, grey-haired, dark-eyed and intense president of an old line book publishing firm, J. J. Little—Lives, took a look at the swarms of women doing their daily shopping in supermarkets and decided that where the consumer gathered was the place to do business.

Not, he decided, in the bookstore, because "most of our customers never have been in one. Some would be almost frightened to go into a book store—but in the supermarkets we had a chance at setting out the mass appeal books and getting repetitive sales."

At first, he said, big supermarket chains were reluctant to talk about the project. But now, they back the idea of marketing certain types of published material. "We've never been turned down by any of the chains we have approached," he said.

Drimmer said that not all types

of books would "go" in the supermarket field.

"People seem thirsty for knowledge," said Drimmer, "and they are looking for standard books of reference, dictionaries, encyclopedias and the like, for the children."

But for all this thirst, it has to be recognized that there is not the same fundamental need for buying food to feed the family. It is something that requires a little reflection.

So the supermarket bookshelves usually are placed by the meat counter or the checkout counter—

wherever the shopper has a little time on his (or her) hands to look around and think it over.

### OK Ice Cream Trucks

WILMINGTON, N.C. (UPI)—City Council voted unanimously Wednesday to allow ice cream trucks to continue operating on city streets despite a police study which termed the trucks a "definite hazard."

The Raleigh, N.C., City Council banned such trucks from its streets earlier this year, and a young boy was seriously injured when run over by an ice cream truck at Winston-Salem, N.C.

## Clooney Out Of TV Show

NEW YORK (UPI)—Singer Rosemary Clooney canceled a nationwide TV appearance for tonight in a dispute over her songs, and for the second time in two weeks opera star Anna Moffo is stepping in to help bail out a troubled producer.

Miss Moffo, opera star Richard Tucker, popular singer Dorothy Collins and the Eddie Condon jazz group all were hurriedly signed Wednesday to appear on the season debut of "The Bell Telephone Hour" after Miss Clooney left the show.

## Altland Host for Swim, Cocktail, Dinner Party

Saturday night Mr. and Mrs. Gordon Altland (he has Gordy's Pool Service) hosted a swim party followed by cocktails and a barbecued steak dinner for their employees and their families.

There were 16 adults and 11 children gathered pool-side to enjoy the fun and food. Those present included Mr. and Mrs. John Schenkel, Mr. and Mrs. William Lemmon, Mr. and Mrs. Henry Sanford, Mr. and Mrs. Charles Bushman, Bill Harrangue, Miss Diane Butts, Mr. and Mrs. Bill Altland and Mr. and Mrs. Leonard O'Connor.

Guests for several days at the Palm Villa hotel were Mr. and Mrs. James Tucker from Santa Monica. While here they enjoyed golfing at Shadow Mountain Club.

Cmdr. and Mrs. R. H. Hanson and their son Scott returned to their home recently on Sun Corral St., in Silver Spur Ranch, from an extensive motor trip. Leaving here in the early summer, they drove to Madison, Wis., where they visited with Mrs. Hanson's son and family, Mr. and Mrs. John Cadwell.

Maryland was the next stop where they visited another son Mr. and Mrs. David Cadwell and their young daughter. From here on to McLean, Va., to visit old friends, Cmdr. and Mrs. William R. Ralston.

In Westport, Conn., the Hansons stopped for about five weeks to visit with friends, then went on to Albany, N.Y., where they visited with her sister, Mrs. Dorothy Barrett.

—Ruth Steiner

## Angels, Dodgers In Final Series

### Angels' Power Back As They Battle Indians

LOS ANGELES (UPI) — The Los Angeles Angels, their power hitting back in evidence, tonight opened the final series of the 1961 season against the Cleveland Indians.

Leon Wagner wielded the big bat for the Angels Thursday night as he drove in eight runs, four of them on the second grand slam homer of his major league career, to lead Los Angeles to a 13-4 victory over the Washington Senators.

In addition to the bases-loaded homer, Wagner had two doubles and a sacrifice fly.

The victory gave the Angels a 10-8 season record over the Senators, the other new American League club.

For tonight's opener with the Indians, rookie Dean Chance, (0-2) got the starting assignment for the Angels. He will be opposed by Barry Latham (13-4), a Los Angeles youngster who has had his best season with Cleveland this year.

### Casey Back In Baseball

NEW YORK (UPI) — The New York Mets announced today that Casey Stengel has agreed to manage the Mets under a one-year contract when they join the National League next season.

A Mets spokesman said that Stengel, 72, who was released as manager of the New York Yankees last year because of his age, finally decided to accept the post with the Mets "after a great deal of discussion with General Manager George Weiss."

Stengel's agreement reunites him with Weiss, who was let out as general manager of the Yankees shortly after Stengel was fired as manager. Together Stengel and Weiss guided the Yankees to 10 American League pennants, and seven world championships.

### Ducks Reported At Salton Sea

A report from the Imperial Waterfowl Management Area, located adjacent to the southern end of the Salton Sea, reveals that approximately 5,000 ducks, primarily pintail, are currently utilizing the area's ponded watergrass fields, according to the Department of Fish and Game.

IWMA includes two state-operated areas — the Wister Unit and the Ramer Unit — which will be open to controlled public hunting during the waterfowl hunting season beginning Saturday, Oct. 14. The report also notes that as of last week, over 500 doves and about 100 cottontail rabbits have been taken in the area by 174 hunters who registered at the Wister headquarters.

GOOD FIRST YEAR . . . By Alan Maver

### Dodgers Cinch Second Place; End With Cubs

PHILADELPHIA (UPI) — The Los Angeles Dodgers, secure as runner-ups in the National League race, rested today before they go to Chicago for an afternoon contest with the Cubs.

Still in a fury over their late-season slump that cost them the pennant, the Dodgers clinched second place Thursday by demolishing the last-place Philadelphia Phillies with a 12-hit attack. The final score was 10-0.

The goose egg was Don Drysdale's reward for a neat six-hit performance. He fanned eight to give him a career total of 1,004. It was the big right hander's third shutout of the season. His record now stands at 13-10.

The game was big D's all the way. He not only shakked the Phils, but he powered an eighth inning homer, which, matched with Daryl Spencer's 12th of the season in the seventh spearheaded the Dodger attack.

Spencer's homer highlighted a five-run rally against Robin Roberts. Errors by Ruben Amaro and Lee Walls led to the scoring.

Drysdale's homer was a rooftop blast off southpaw Ken Lehman. But the Phillie victory held out little comfort for harried Dodger manager Walt Alston.

"The Dodgers will lose at least five, and possibly seven players to Houston and New York in the expansion grab bag," the skipper said.

# Indians Open Home Grid Season Tonight

## Even Match Shapes Up With Perris Opponent

High School football returns to Palm Springs tonight with a new home season getting underway and an even match seems to be in prospect with Coach Dick Bunting leads his Indians against the Panthers of Perris.

The Palm Springs High School team has much in common so far this year with the Perris eleven — both made many mistakes in their opening games last week and both lost those games by 20 points.

### Similar 1960 Records

Similarity between the two even goes back to last year when they had like records — 5-4 for Perris and 4-5 for Palm Springs. The one big difference was the game between the two played at Perris and won by the Panthers, 19-6. Toss out that game, and they both finished with 4-4 records.

The trouble is — the Indians can't toss out that game. It's in the records. They can do something to even it up though — and that's what all those drills have been for this week after school. Only trouble is that the squad seems to be making the same mistakes that they did during the 6-26 game last week against El Centro: fumbles, offside, backs in motion, missed tackles.

Coach Bunting tapered off the workouts yesterday, just sending the team through light drills. His experience the day before shook him up somewhat when several came out of a heavy contact workout with limping legs and bruised backs.

### Only One Indian Out

Actually, only one squad member will not be able to play against the Panthers. He is Carlos Reyes, who is still hurting with the game leg received in the El Centro game. His end spot in the line-up will be taken over by Steve Carrillo. Only other change from last

UNHAPPY INDIANS in this picture hope to be happy warriors tonight as they open their home football season against Perris. This picture was taken at half-time last week when the tribe was on the losing end of a 13-0 score. Coach Dick Bunting is giving his players half-time instructions in a game which ended 26-6 in favor of El Centro. (Marty Kenyon Photo)

## Maxwell Leads At Bakersfield

BAKERSFIELD, Calif. (UPI) — Texan Billy Maxwell and slender Jon Gustin led the field by one stroke today for the second round of the \$25,000 Bakersfield Open golf tournament.

Maxwell and Gustin carded five-under-par 67s Thursday, while Dick Stranahan of San Leandro, Calif., came in with a 35-33-68. Nine others were bunched at 69.

"I was kinda erratic," lamented Billy after his 34-33 round over the 6,824-yard Bakersfield Country Club course. He had eight birdies and three bogeys.

About a year ago, Maxwell was in a slump until he entered a 36-hole pro-am on this course. He took the event and since has been on his game.

The Dallas shotmaker firmly installed himself in the favorite's role for this event — first PGA classic in Bakersfield's history. Maxwell is the ninth leading official money winner this year with first place finishes in the Palm Springs and Puerto Rico invitational, plus the Insurance City Open.

## INDIAN JV SQUAD KEEPS WIN STREAK ALIVE BEATING PERRIS

It looks like another good year for Coach Calvin Farley and his Indian Junior Varsity team. They used this season's popular score so far — 26-6 — to finish off the Perris JV team late Thursday afternoon in the Panther lair.

The contest was never in doubt as the fledgling Indians put their first marker on the board in the first four minutes of play and added another in the second quarter for a 19-0 halftime lead.

Perris picked up their lone tally in the third quarter, and the Indians scored their final score with five minutes left in the game.

### JV Win Streak

The season opener got the JV squad off on the right foot as they

seek to continue the perfect string now in its third year. Last year's undefeated squad had an 8-0 record, while the '59 team turned in a 7-1 slate.

Outstanding play Thursday was turned in by several players who should prove welcome additions to Coach Dick Bunting's varsity squad next year. Jerry Olivera, at fullback, who kicks extra points, was a bright spot, while Grady Morgan at halfback accounted for two TD's.

### Quarterback Scores

First score was made by Quarterback Paul Summers on a keeper as he went two yards for paydirt. The Indians had kicked off to start the game and Perris fumbled. The local team then turned on the power to grind down to the home team's two from where Summers scored.

Four minutes later Morgan made the first of his two scores with a 10 yard carry from wing-back slot and Olivera kicked his first extra point of the year. Another first quarter highlight was Olivera's interception and 10-yard return of a Panther pass.

The third Indian touchdown of the night was picked up in the second period when Morgan spun around left end for a 26-yard effort with the final Indian score coming in the last period. It was the longest touchdown jaunt of the evening and was picked up when

## Lonely Perris Score

The lonely Perris score came in the third period on a pass play from Gunn to Espanza, with the conversion attempt unsuccessful.

The win-happy Indians will seek a continuation of their streak Oct. 5 when they journeyed to San Jacinto. First home game will be Oct. 12 against Hemet, followed by an Indian battle here a week later.

## Tonight's Starting Lineups

PERRIS	LE	PALM SPRINGS

## Meet An Indian

GUS WALTON . . . End . . . Senior . . . Uniform No. 86 . . . Letterman . . . Parents: Mr. and Mrs. Gus Walton, 210 Gila Road, Palm Springs . . . Named to All-DVL second team last year.

## Marines Lead Marathon Bowl

Two Marines from Twentynine Palms are in the first positions in the first annual Desert Marathon at PS Lanes. Palm Springs bowlers were well represented in the first six, however, as they gathered in half of the places.

Cpl. John Prosser rolled a 3195 to hold first spot while fellow Marine, Pfc. Ron Krys was 15 pins back, 3180. Charles Swift of Palm Springs, was next with 3164 with Ray Newell of Palm Springs and Bar Tulanian of Van Nuys tied next at 3155. In sixth place was another local resident, Len Martinez.

High scratch series was rolled by Bob Blauvelt, local bowler, with a 3063, and Sheldon Hippo of Van Nuys had high game at 247.

## Palmette League Led by Hoams

Verlie McMahon scored high game and series Thursday night in the His and Hers League at PS Bowl. Her top game was 174 in a 467 series. In the men's division, Harry Krings took both honors, 209 for game and 555 for series.

Hoams Pools continue to lead the Palmettes league with a perfect mark so far at 8-0 followed by Rainbow Room at 6-2. Four other teams make up the league including Chuck's Welding, Braselli, Hicks and Allred and Team No. 3.

Braselli hold high team series at 1933 and Hoams high team game at 661. Individual series honors goes to Dottie Manthey at 503 and high individual game to Swede Roos at 102.

## Close Finish in Bowling League

In the Thursday "500" Scratch trio at PS Lanes, Tiny Rorbach lead the scoring parade on a 762 fourgame with a 213 high. Vince Lombardi and Dick Fife came in with steady 750 and 741 to lead their teams to wins.

The league is going right down to the wire to decide its champion as team No. 3 lost all four games and Indian Avenue Car Wash won three to move them to within half a game of the leaders.

In the Desert Housewives League, President Louise Strebe lead team No. 4 to a sweep over Jenny Mawby's Chi Chi trio. Ruby Crabtree lead team No. 3 to a 3-1 verdict over Pat Pelton team No. 2. Team seven and eight split 2-2.

Charlou Gladish lead team 1 to a sweep over team 6 as she fired the weeks high of 171 and a fine 475 series.

The Summer Census League finished off its season with the Colglaziers and the McCrystals winning this mixed four league.

#### AG DEPARTMENT'S

### Food Study Shows Historical Trends

By GAYLORD P. GODWIN  
WASHINGTON (UPI) — The Agriculture Department's continuing study of foods has uncovered significant findings regarding the historical trends in food consumption and variations among population groups.

The department's publication, "Trends and Patterns in U.S. Food Consumption," summarizes the study in this manner:

—Domestic production of farm food commodities, excluding quantities used for seed and feed in each year, increased by 75 per cent from 1924 to 1959 while the population increased a little more than 50 per cent.

—U.S. production of farm foods generally supplies 90 to 95 per cent of food used in this country.

—Home production of farm food commodities or household food use decreased from 22 per cent of all foods consumed by U.S. civilians in 1924 to 7 per cent in 1959.

—Food consumed per capita has been about 100 pounds less in recent years than in the years immediately before World War I.

—Significant changes in food consumption during the last 50 years were the substantial decline in potatoes and cereal products, the substitution of vegetable for animal fats, and the increase in poultry consumption.

—Per capita use of farm foods from all sources was 13 per cent greater in 1955-59 than 30 years earlier, but the average use of purchased farm foods was 30 per cent higher.

—The shift from home-produced to purchased foods was an important factor in the 5 per cent increase in average use of food marketing services from 1935-39 to 1955-59.

—Household food surveys indicate food use varies much more with money income among non-farm households than among farm homes. But the degree of variation is much less among high income than among middle-income households.

—From 1947 to 1955 the proportion of disposable money income allocated to food decreased each year except in 1951. In 1955-58, this proportion was fairly stable.

#### Legal Gambling New Attraction For P. Springs

Legalized gambling has been added to the attractions of Palm Springs. No, a new ordinance hasn't been passed giving this vacationland extravaganza gaming casinos.

But desert resort city residents and visitors can now try their luck at a Nevada gambling spa via a one-hour free flight to the old gold mining town of Searchlight.

Providing the complimentary round-trip flights is a Palm Desert homeowner, Willie Martello, who owns Searchlight's only gaming casino and hotel, the El Rey Resort.

The free flights he offers leave Palm Springs Airport at 10:30 a. m. each Sunday for Searchlight Field, only a six minute's drive from El Rey Resort.

Searchlight Field, bituminous surfaced and 6,800 feet long, was recently built by Nevada's Clark County as an emergency airstrip.

Those taking advantage of the Sunday flight can return to Palm Springs at 9 p.m. the same day.

## 'City of Apples' Korean Textile Center

By SAMUEL KIM  
TAEGU, Korea (UPI) — For modern Koreans, Taegu is the "City of Apples."

In old times, it was known for its herb medicine market.

But it was not until the Korean war broke out 11 years ago that foreigners became acquainted with South Korea's third largest city. Located in a farming area 140 miles southeast of the capital city of Seoul, Taegu produces the best apples of Korea.

During early stages of the Korean war, the city, whose name means "Big Hill" was the one-day seat of the Republic of Korea government fleeing from Seoul to

Pusan before the advancing North Korean troops.

It was here that the badly battered South Korean army and the United Nations troops put up last ditch resistance against the overwhelming Communist army while gaining time for the counter-offensive in the summer of 1950. The city was all but abandoned. Communist mortar shells began to land on its outskirts before the tide of the war was reversed and the Communists were put on the run.

Throughout most of the remaining period of the war, which ended in 1953, Taegu served as main headquarters of the ROK and U.S. Army and Air Forces.

Today, all these headquarters have been moved to Seoul and only the ROK 2nd army main-

#### SECOND HAND NUMBERS

NEW YORK (UPI) — Used computers are being offered in increasing numbers by manufacturers at big discounts. Burroughs Corp. says it is selling one second-hand computer for \$79,000 compared with the original \$157,000 price tag. IBM is offering another at \$320,960 marked down from \$255,500.

Many school officials attribute the heavy enrollment to the lack of summer jobs and more varied courses.

tains headquarters here.

The war left many refugees in this city. As a result, its population has risen from a prewar 400,000 to 700,000.

#### City is Peaceful

But unlike Seoul and Pusan, the two larger, bustling cities of this country, Taegu presents a leisurely and calm appearance.

Apple orchards are everywhere on the surrounding hills. Seven thousand tons of apples are grown here annually. Although it represents only 10 per cent of the nation's total produce, the Taegu apples are famed for their delicate taste and are exported to Southeast Asia.

For about 500 years until the

early part of this century, Taegu had prospered on the "herb medicine market."

Today, one sees little trace of the old markets. There are a few stores doing slow business along

dusty roads in the western section of the city.

But Taegu has become the largest center of South Korea's textile industry, producing 70 per cent of the nation's textiles.

#### Divorcee Gets Ticket Custody

DENVER (UPI) — Mrs. Gertrude Hunter, 46, has won custody of her season tickets to the University of Colorado's home football games this fall.

Judge Mitchell B. Johns ordered her husband, M. Lakin Hunter, 49, who sued her for divorce July 21, to give her the ticket — one of

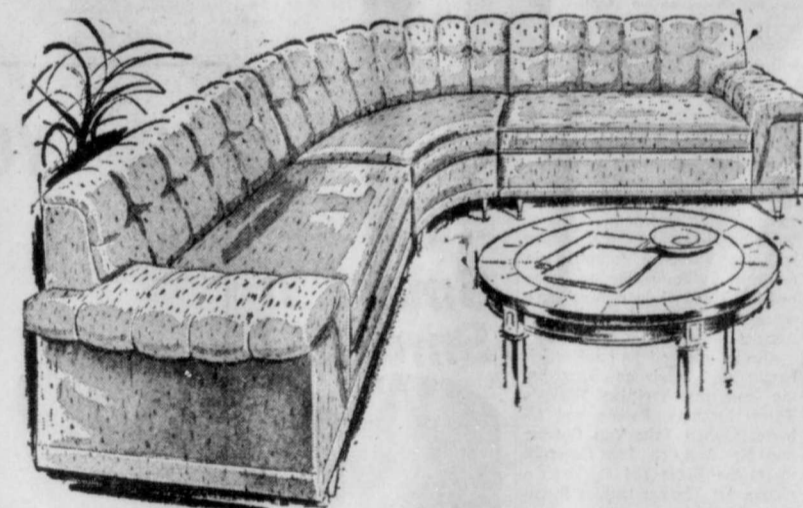

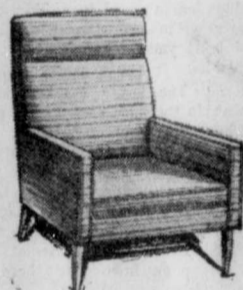

a pair between the 30- and 40-yard lines, by Friday, the day before U of C opens its season.

Johns ruled in Mrs. Hunter's favor after she testified she would not be embarrassed by the fact that her husband has the adjoining seat. In fact, she said, the association might lead to a reconciliation.

## Santa Fe Federal Welcomes Public To New Quarters

"The Future — Here Today."

That is the motto under which the officers and staff of Santa Fe Federal Savings and Loan Association welcomes resort area residents to an open house program in their new building at 300 S. Palm Canyon Drive in Palm Springs.

The open house program starts tomorrow, Saturday, and continues through Tuesday, Oct. 10, running daily from 9 a.m. to 4 p.m. including Saturdays.

The program marks a major step ahead for a financial institution that has served resort area residents the last four and a half years from Palm Springs offices with the backing of a main office that has operated in San Bernardino for 72 years.

And Vice President James E. Givens, manager, and his local staff are justly proud of their new home.

### Building Features

Representing a total investment of three quarters of a million dollars, the structure comprises 15,000 square feet of floor space that will be kept comfortable with 50 tons of air conditioning.

Outstanding features of this beautiful structure include:

Sun screens of anodized aluminum that cover two walls and can be moved about to provide complete exposure or complete protection.

Metal sculpture at the entry by the noted artist O. E. L. Graves.

Indian artifacts throughout the building that are all authentic hand-made pieces representing the handiwork of many Indian Tribes.

Other attractions featured in Architect E. Stewart Williams' building design include open interior for immediate customer accessibility, basement area for future expansion, fire-proof storage vaults and the latest electronic design in office machines.

### Locally Organized

Santa Fe Federal offers resort area residents the financial services of a firm founded in 1890 in San Bernardino, where the main office is located.

The local branch was organized as a separate firm and merged with Santa Fe only nine days after it opened for business. The local firm was formed in January, 1957 by Charles Farrell, Andrea Leeds (Mrs. Bob Howard), Frank Bogert, Percy Whiteside, Oliver Janes and the late Bill Tackett as the First Federal Savings and Loan of Palm Springs.

Givens feels that the firm's growth over less than five years is impressive. He reports the firm now has about \$11 million in loans outstanding.

A feature of the opening is distribution of a souvenir booklet entitled "A Look Into Palm Springs' Past," a display of photographs and a printed report on the early days in Palm Springs.

OFFICE STAFF at Santa Fe Federal now numbers 14 and is expecting early additions. They are, from left, seated, S. S. "Dinty" Moore, James E. Givens, vice president and manager; James B. Bollinger and Duane N. Glover. Standing are Joan Thompson, Sandra Babcock, June Davis, Maxine Ashley,

Rose Churchman, Ruth Scharf, Carole Ashe, Adda Scarlott, Diane Carr and Betty Williams. Below is a view of a special feature at the new building, an auditorium seating 100 persons, to be available without charge to non-profit community groups.

A GREAT ADDITION to Palm Springs' Palm Canyon Drive business district is the new building of Santa Fe Federal Savings & Loan Association. Located across from Robinson's at 300 S. Palm Canyon, this is an office building to delight both the staff members who spend their working hours "enclosed in glass" and to patrons and visitors alike. It is

the work of Palm Springs Architect E. Stewart Williams. Formal opening is Sept. 30. Note the added attraction of the desert plants about the building. These are complemented by two rows of olive trees that were planted full-grown as the building neared completion.

You are cordially invited to attend our

## OPEN HOUSE

Saturday, September 30 through Tuesday, October 10

DENNIS THE MENACE

"HE WAS ALL SET TO GO TO THE PARTY, AND THEN I HAD TO SAY HE LOOKED LIKE A 'LIVING DOLL'!"

"THAT'S THE STORY OF MY LIFE" by box

Television In Review

By FRED DANZIG  
United Press International  
NEW YORK (UPI) — Dialogue of a TV reviewer caught talking to himself:  
"Steve Allen's first show was a big disappointment and it's good to have him back on TV."  
"Hold it. What do you mean by that?"  
"Well, each attempt at comedy in 'The New Steve Allen Show,' as it's billed on ABC-TV missed the target. An opening skit about TV programming started off promisingly but slipped rapidly into a chaotic, pointless free-for-all. The hour had an uneasy look about it. Allen appeared self-conscious about his role as star and deliverer of singing commercials, all handled from his piano. Camera work and direction was sloppy. The musical numbers were nothing special. Bill Dana's astronaut routine is old stuff by now."  
"And still you say you're glad he's back? How come?"  
"One portion of the hour served up a cartoon framework for a comedy record in which a fog-shrouded jazz musician was 'interviewed' during a San Francisco gig. It was a satirical gem. Come what may, we know that Allen is still willing to go with off-beat, experimental entertainment forms. And that's why it's good that he is back."

**Calvin-Sheldon Team**  
HOLLYWOOD (UPI) — Henry Calvin and Gene Sheldon, who played the buffoonish Sgt. Garcia and the lovable mute servant Barnardo on TV's "Zorro" series, are teamed again in Walt Disney's "Babes in Toyland."  
Calvin and Sheldon will play the bumbling Gonzorgo and Roderigo, comic henchmen of the villainous Barnaby, in Disney's film version of the famed Victor Herbert musical-comedy.

## The Voters Will Decide

Shall the council of Palm Springs consist of five councilmen elected at large? Shall the council continue to be elected by districts and, if so, shall the districts be re-aligned because of population growth and shifts?

It is entirely possible, by present council thinking that the voters will be asked simply to approve or disapprove a proposed change to elections-at-large in a December election. They may, however, be confronted with three issues: (1) Council-at-large, (2) Keep the present district form of election or, (3) Keep the present districting form but change the district alignment.

What is sure is that the council will choose the form of ballot and set the election date at their next regular meeting October 9.

Present district lines were drawn in 1938 when the state legislature passed a measure at the request of Palm Springs enabling councilmanic elections by districts. Population trends in Palm Springs have shifted greatly in the 23 intervening years and are continuing to change.

As long ago as 1951, ten years ago this week, in fact, the Junior Chamber of Commerce went on record as favoring a re-alignment of the city's seven districts because unequal growth had brought about unequal representation at the city hall. Since then two attempts to change district lines failed because of a three-fourth majority requirement. Now but a simple majority is needed due to new legislation and if the planned Nov. 21 election had been held, redistricting probably would have carried. But the same situation which prompted the Junior Chamber's resolution ten years ago, prevails today. The city is still rapidly growing and still growing unevenly. It is highly possible that within a few years, the districts would again be uneven with uneven representation at the city hall.

City Council, in junking the redistricting election set for Nov. 21, wisely decided to leave it up to the voters whether they wished to retain the district system or authorize elections at large.

Objections to elections-at-large are based on two premises — a candidate might win in his own section but lose in the city-wide vote and it is possible that more than one councilman may be elected from the same section of the city.

Opposed to this is the statement that councilmen elected at large would put the well-being of the entire city foremost, rather than trying to get something solely for their own district. And if two or more were elected from the same district, it would be because the voters of the entire city thought them best fitted to be in the city hall.

There will be plenty of argument between now and election time, pro and con on the situation. It should be remembered, however, that general law cities in California electing councilmen at large outnumber cities using the district plan 50 to 1. There must be a reason.

## Exercise Your Lungs

Remember when half of the town used to turn out for school athletic events? Even in the days before bleachers they crowded the sidelines and were elated with the team when it won and were in the dumps when the team lost.

The Indian Booster Club of Palm Springs is concerned because last week only a handful of supporters went with the team to cheer them at El Centro. Probably the game site was too far for most people. Coachella High, however, sent several busloads of rooters to Brawley that same night.

Tonight the Indians play their first home football game against Perris High. Turn out and root for the boys who are giving their all on the gridiron. It should be a success from word turmoil, television or other distractions and you'll have fun, too.

## Remember When . . .

SEPTEMBER 29, 1951

Widening of Indian Avenue to 100 feet with four lanes of traffic was begun. The project is a mile long and includes all that area between Alejo and Ramon Roads except before the Indian bath house. That strip awaited the results of a suit filed by several members of the local Indian tribe.

First baby born at Desert Hospital, just opened, was a girl weighing six pounds. The parents are Mr. and Mrs. Steve Fields. Genevieve Valencia, hospital administrator, said that the baby "was on the house" since it was the first one and no bill would be presented.

The \$700,000 Desert Hospital officially opened with six in-patients.

SEPTEMBER 29, 1941

Twins, a boy and a girl, were born to Mr. and Mrs. Ted Reed at Hollywood hospital, fellow Villagers heard.

Mayor Phillip Boyd, Councilman Frank Shannon, City Judge Guy Pinney and City Manager John Lange attended a meeting of the Citrus Belt Division of the League of California Cities at Chino.

SEPTEMBER 29, 1931

Desert area residents were closely awaiting results of a bond election in the metropolitan area to provide funds to bring Colorado River water into the Southland. Banning was so sure of success for the election it was already planning a victory celebration as the proposed aqueduct would give employment to 6,500 from Blythe to Beaumont.

## Don't Answer That!

## Dear Abby . . .

. . . by Abigail VanBuren

DEAR ABBY: Six years ago I lost my head over a married man. I was married, too. It is all over now, but at that time we thought we were "in love," and it was quite serious. My husband didn't know about it at the time, and neither did the other man's wife.

My husband recently found out about this dead affair, and has threatened to call up the man's wife and tell her. The man is happily married and has a family. I am scared to death. Would you advise me to call the man and warn him so he won't be thunderstruck if my husband calls his wife? I hate to see his marriage ruined.

PAST DUG UP

DEAR PAST: Try hard to get your husband to realize the contemptible injustice of punishing an innocent wife and family. If you think your husband actually intends to call the wife, call the man and tip him off.

DEAR ABBY: Every time my boy friend and I are together he acts like his head is on a swivel. It's bad enough that he has to look at every pretty girl he sees, but he even makes remarks to me about them. He will say, "Oh, boy, how would you like to be stacked like that girl?" I try to be a good sport, but

this hurts me very much because I care a lot for this boy. I am 18 and he is 19 and he tells me he loves me, but when he acts like this, I wonder. What do you think?

BARBS

DEAR BARBS: I think you can do better. You don't want to listen to that kind of talk the rest of your life, do you?

DEAR ABBY: My husband and I are having a squabble over how long a woman can carry a baby. I say a woman can carry a baby six to eight weeks past due. My husband says that nine months is the limit and, if a baby is carried over nine months, there must be something wrong with the lady's figuring.

DON'T KNOW

DEAR DON'T: According to medical authorities, women have been known to carry babies ten months (and even longer) from the time of conception to birth.

CONFIDENTIAL TO MARIE: Don't waste any more time on him. Tell him, "No shoes, no rice—no dice."

For a personal reply, write to ABBY, Box 3365, Beverly Hills, Calif., and include a self-addressed, stamped envelope. Abby answers ALL mail.

## This Side of The Sun

By R. F. 'Phat' Graettinger

Not a thought worth while, just a mental fog,  
Then, saved by a letter about a dog.

It is one of those days, just sitting and staring a blank sheet of paper in the face, wondering what words to string together to mess it up. Somebody has a radio going and all you can think of are unkind things about the female howler who is missing all of the high notes. Then comes a letter you can use and the day is saved.

THE MISSIVE was from a good friend who said he hoped I'd get it before National Dog Week ended.

"Did you ever hear of Owey, the Postal Dog, who became the most traveled dog in history?" my correspondent asked. Then, going on the assumption I hadn't, he went on.

This dog, homeless, hungry, shivering from the cold crept into the post office at Albany, N. Y., and huddled on some empty mail bags in a corner.

THE CLERKS didn't notice him until the next day but didn't have the heart to chase him out, he looked so forlorn, with wistful eyes and a friendly tail wag. So they shared their lunch with him. They named him Owey and from then on, he was devoted to the men who worked with Uncle Sam's mail. He loved the mail bags and felt safe with them and the men who handled them.

Then his curiosity led him to take a trip with the sacks.

hops and he always came back to Albany. The trips grew longer. The clerks bought a collar for him with his name and address in case he became lost. They attached a card asking other clerks for the names of the places he visited.

Owey's trips took him all over the United States and he accumulated so many tags, a special harness was made to accommodate all of them.

THEN ONE DAY he started around the world. He was in Tacoma when mail bags were being loaded for Japan. Owey went with the sacks and Tacoma clerks sent word ahead to mail men in Japan to look out for him. He was given a royal welcome in the Orient and traveled with other mail, always heading west.

When he reached New York, mail men decided he must complete the world tour and so, before he returned to Albany, he went on to Tacoma.

THE JAUNT TOOK him 132 days and he became the greatest dog traveler in the world. His only home was mail sacks on steamers. His dearest friends were always postal clerks.

When his last journey was done, he had collected over 200 postal checks, medals and certificates. He was mourned in post offices around the world.

Well, that seems a good way to wind up National Dog Week.

AT FIRST, it was just short

## Churchill College Ally Of Private Enterprise

By HOLMES ALEXANDER  
CAMBRIDGE, England — Like Sir Winston, Churchill College is part-American, pro-capitalist and a cozy all of Mammon.

The college is already beholden for money and ideas to the United States, and there is a plan afoot to build up something like a permanent American student body in it. The list before me of Overseas Fellowships at Churchill has ten names, seven of whom are Americans. They are Professors Salt-peter of Cornell, Goldberger of Princeton, Steiner of Princeton, Watson of Harvard, Treiman of Princeton and Pfana and Anderson of New Jersey.

The Trustees of the Churchill College Trust Fund, who raised and now manage the three and a half million pounds of college wealth, are a blue chip panel. With one trades union man for leavening, along with two academic leaders for guidance, the rest of the Trustees are Big Business. Sir Winston, millionaire author and investor, is chairman.

For Practical Studies

The concept of Churchill College was formed at a time when Socialism was dominant in England. The central, if unwavering, thesis of the foundation seems to have been that somehow the flame of private enterprise must be kept alive for the perpetuation of science and the salvation of the realm. The statutes of Churchill require that 70 per cent of undergraduates and postgraduates must major in the

natural sciences, mathematics and engineering. The college will not be fully operative until 1963, but the first drafts of students and applicants in 1960-61 indicate that the bias for practical studies exists even among the students of the arts. Those who come to Churchill to read history or literature say that they want to do so in an "atmosphere" of science and engineering — an attitude which probably has not prevailed since the Renaissance, when scholars tended to accept the universality of education.

Significantly, the course at Churchill, which began before the first undergraduate signed the registration book, is one in business management. It is a course for persons in management, roughly between the ages of 20 to 40, who are responsible for the work of at least 20 other people. The stated aim of the course is to develop "the administrative ability of technically qualified men" by studies "that would be long enough to make a substantial impact and yet would not take men from their jobs for lengthy periods." The course is described as being a "sandwich" type — a number of short residential periods at Cambridge interleaved with on-the-job periods when the students are required to read, write and carry out field work.

Private Initiative

In sum, the Churchill College design has the purpose of preserving and improving the breed of

private initiative. The island kingdom has lost its Empire and is going to lose its Commonwealth if it insists upon joining the Continental Common Market. Industrial supremacy is recognized here as the key to victory in peace and war alike. The failure to Socialism in the postwar period pointed up the overlooked virtues of a profit system under which everybody has a chance for the "pursuit of happiness" which, to most people, means the seeking of his fortune.

The authorities at Churchill, as previously discussed here, feel that they can handle the risks inherent in paying obligation to Mammon. What bedevils them a good deal more, I think, is the advancing encroachment of the British State. It is the same problem we have in the USA and, in fact, throughout the whole of Free Society.

Britain is overrun by a student horde. The State here undertook to pay for the higher education of any boy or girl who is otherwise qualified. Suddenly, practically everybody in the grammar schools developed qualifications and desires for greater learning. Oxford, Cambridge and London, the three national universities, could not

contain them. Neither could the civic universities which exist in most of the big cities and are locally supported. Four more national universities are under way at Norwich, Colchester, Brighton and York. Others are under discussion for Bournemouth and Coventry.

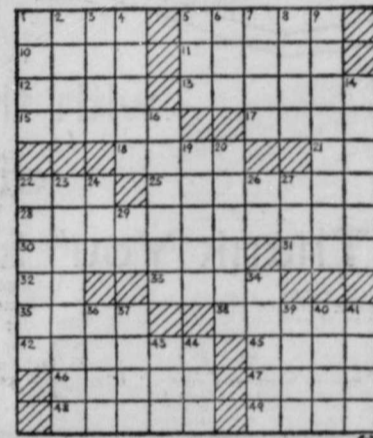

Small and Select

Thus two great undesirables have been thrust upon British education — grossness in numbers and largeness by the central government. At Churchill College the second is regarded as more deadly than the first. Churchill hopes to keep itself small and select. When the buildings are completed, only about 100 new students will be admitted each year. The limit for those in residence is set at 60 Fellows (teachers), 150 postgraduates and 300 undergraduates.

As to the other peril, it is insidious and subversive. With the State paying students' tuition, how long can the University College continue to control entrance requirements? And if the State ever gets into school construction, how soon will the State sow the tares of politics and bureaucracy inside the academic groves?

## Funeral Notices

Nathan Feinholz, beloved husband of Eda and father of Morton Feinholz, Ella Plant and Ruth Levine, was interred at Mt. Sinai Memorial Park following services this morning at Mt.

## LEGAL NOTICE

No. 257  
RESOLUTION OF INTENTION  
Published to show additional streets combined with Original Assessment District, by the City of Palm Springs, California, adopted April 24, 1961.

OF THE CITY COUNCIL OF THE CITY OF PALM SPRINGS, CALIFORNIA, DECLARING ITS INTENTION TO ORDER CONSTRUCTION OF CERTAIN IMPROVEMENTS IN MERITO PLACE, MOUNTAIN VIEW PLACE AND PRESCOTT DRIVE, MISSION ROAD AND CANYON PLACE, AND TO ORDER THE CITY ENGINEER TO PREPARE PLANS, PROFILES, DRAWINGS AND SPECIFICATIONS FOR THE SAME.

SECTION ONE: That the public interest and convenience require, and it is the intention of the City Council of the City of Palm Springs, California, to order the following work to be done:

DESCRIPTION OF WORK  
MERITO PLACE, MOUNTAIN VIEW PLACE AND PRESCOTT DRIVE, MISSION ROAD AND CANYON PLACE, AND TO ORDER THE CITY ENGINEER TO PREPARE PLANS, PROFILES, DRAWINGS AND SPECIFICATIONS FOR THE SAME.

SECTION TWO: That all of the said work and improvement to be done shall be constructed upon the grades, along the lines, between the points, of the dimensions, at the place; and in the manner shown on the plans, profiles and drawings, and construction of the improvements in MERITO PLACE, MOUNTAIN VIEW PLACE AND PRESCOTT DRIVE, MISSION ROAD AND CANYON PLACE, AND TO ORDER THE CITY ENGINEER TO PREPARE PLANS, PROFILES, DRAWINGS AND SPECIFICATIONS FOR THE SAME.

SECTION THREE: That the said contemplated improvements, in the opinion of said City Council, is of more than local or ordinary public benefit and that the expense of said work and improvement chargeable upon a district, which the City Council hereby declares to be the district benefited by said work and improvement and to be assessed to pay the cost and expense thereof, and which district is described as follows:

DESCRIPTION OF DISTRICT  
SECTION FOUR: That the said contemplated improvements, in the opinion of said City Council, is of more than local or ordinary public benefit and that the expense of said work and improvement chargeable upon a district, which the City Council hereby declares to be the district benefited by said work and improvement and to be assessed to pay the cost and expense thereof, and which district is described as follows:

DESCRIPTION OF BOUNDS  
SECTION FIVE: NOTICE IS HEREBY GIVEN THAT on the 10th day of October, 1961, at the hour of 8:00 o'clock p.m., in the chambers of the City Council in the City of Palm Springs, California, any and all persons having any objections to the proposed work or improvement or to the extent of the proposed grades, may appear and show cause why said work should not be done or carried out in accordance with this Resolution of Intention. Protests must be in writing and must be delivered to the City Clerk prior to the time set for the hearing.

IMPROVEMENT ACT  
SECTION SIX: That all of the work herein proposed shall be done and carried through in pursuance of an act of the legislature of the State of California, designated the "Improvement Act of 1911," being Division 7 of the Streets and Highways Code of the State of California.

PUBLICATION OF RESOLUTION OF INTENTION  
SECTION SEVEN: That the "Desert Sun," a daily newspaper printed, published and of general circulation in the City of Palm Springs, California, is hereby designated as the newspaper in which the Resolution of Intention shall be published by the City Clerk in the manner and form provided by law and for making all other publications in the proceedings under this Resolution of Intention.

THE City Clerk is directed to mail notices of the adoption of this Resolution of Intention to all persons owning real property proposed to be assessed, without charge, and to appear on the last equalized assessment roll for city taxes, all in the manner and form provided by law and for making all other publications in the proceedings under this Resolution of Intention.

THE City Clerk is directed to mail notices of the adoption of this Resolution of Intention to all persons owning real property proposed to be assessed, without charge, and to appear on the last equalized assessment roll for city taxes, all in the manner and form provided by law and for making all other publications in the proceedings under this Resolution of Intention.

THE City Clerk is directed to mail notices of the adoption of this Resolution of Intention to all persons owning real property proposed to be assessed, without charge, and to appear on the last equalized assessment roll for city taxes, all in the manner and form provided by law and for making all other publications in the proceedings under this Resolution of Intention.

THE City Clerk is directed to mail notices of the adoption of this Resolution of Intention to all persons owning real property proposed to be assessed, without charge, and to appear on the last equalized assessment roll for city taxes, all in the manner and form provided by law and for making all other publications in the proceedings under this Resolution of Intention.

Houses for Sale Palm Springs

DR. RESIDENCE

Up in Piemonte Estates OFFERED for sale publicly for the first time. Presents a wonderful opportunity for some one to own this Custom designed three bedroom, two bath Man sion. The views are magnificent from each and every room—but mainly from the glassed in Solarium that adjoins the placial living room with its impressive fireplace setting. The fine points of construction include refrigeration cooling, a double garage with 1/2 bath facilities, built-in kitchen appliances and more, much more, such as expensive carpets & draperies. All for the amazingly low price of \$37,500.

NEW A-B-C SERVICE

For Smart Home Buyers EASY AS A-B-C.

Tell us the price... size... and general location you prefer. We will give you a list of 5 or 6 houses nearest your requirements. At your convenience you drive by and look them over.

Then we show you the interiors of those that interest you. When you find what you want we do the rest, arranging terms and escrow.

Anderson-Berkey Company

174 N. Palm Canyon Dr. Phone 324-3224

You'll Stop - Look and Listen ...

WHEN we drive you up in front of this immaculate three bedroom, two bath, AIA designed home. Attractively set off with artistic stone work and enhanced by a lovely swimming pool, the Owner is a perfectionist in every sense of the word. So you will see the difference immediately over the run of the mill type property, that is so prevalent these days. The price of \$31,500 is an exceptional value which incidentally includes a refrigeration cooling system.

## New Tanker Equals Train Of 90 Miles

By WILLIAM LANE  
QUINCY, Mass. (UPI)—Picture a tanker-car railroad train 90 miles long. And then consider that all the oil such a train could carry would fit neatly in a monster sea-going super tanker now nearing completion here.

Under construction at the Bethlehem Steel Co.'s Quincy yards is this 106,500-ton super tanker, as yet unnamed, which will be the biggest merchant vessel ever to sail under the American flag. Sea trials for the world's largest tanker have been set for December.

The vessel was ordered in 1958 by the Manhattan Tankers Co., Inc., controlled by Greek shipping magnate Stavos Niharos. It will be propelled by five-bladed twin screws, each measuring 22 feet in diameter and weighing 62,500 pounds. Its two double reduction-gear turbines will deliver 43,000 shaft horsepower to each propeller at 115 revolutions per minute. Normal cruising speed will be 17.5 knots.

Cost of the ship is estimated at \$28.1 million. Its 45 separate cargo tanks, each 67.5 feet deep, have a total capacity of 32.2 million gallons.

As high from keel to stack as a 14-story house, the tanker will measure 940 feet, with 132-foot beam and 49.4-foot draft. It actually is bigger than the liner United States and is surpassed in size only by aircraft carriers of the Forrestal class. It will be too large to use either the Panama or Suez canals.

The 81 officers and men of the tanker's crew will occupy quarters described by a Bethlehem Steel spokesman as resembling "a small, well-equipped hotel."

### Coeds Gaining

UNIVERSITY PARK, Pa. (UPI)—Coeds were virtually non-existent in the early years of the Pennsylvania State University. The ratio was eight males to one female as recently as 30 years ago. Today, the ratio is five to two.

### LEGIONS OF THEM

## CATS OF ROME ARE FAMOUS AS 7 HILLS

ROME (UPI)—As famous as the Seven Hills, and apparently just as eternal, are the cats of Rome.

There are legions of them. And they have survived Roman Imperialism, pestilence, famine, kingdoms, invasions, Fascism and the world wars.

Estimates of the uncommonly large cat population in Rome run as high as one million, or half the human population of the ancient city.

They are tolerated by Romans, more so than dogs or birds.

Stray dogs have a short life on the cobblestoned streets of this city. They are quickly picked up and done away with.

Not so with cats, which seem to live a charmed life and regard Rome as an "open city" as far as their existence is concerned.

It was not always so. Shortly before the war, an overzealous Fascist minister ordered all cats "deported" from Rome.

## Apple Trick With Pistol Finished It

JUAREZ, Mexico (UPI)—The two men were friends and they dropped into the Martillo Cantina to sip a glass of beer.

Jorge Gonzalez, a labor inspector, had just finished reading about the legendary Swiss archer, William Tell, who was forced to shoot an apple off his son's head.

"I could do that," Gonzalez boasted.

His friend, Jose Garcia, 34, a construction worker, believed him. Garcia put a whiskey bottle on the bar.

Gonzalez took careful aim, but before he could pull the trigger of his pistol, the bottle fell off and broke.

"Wait a minute," Garcia said. "Let's use this."

He put a glass on his head.

Gonzalez aimed again. This time he fired. The bullet hit Garcia in the eye and killed him. Gonzalez told police he was sorry he killed his friend but said it was Garcia's own fault for suggesting they drop into the cantina in the first place.

"If I had been sober, he would not be dead," Gonzalez said. "I took careful aim, but could not shoot accurately in view of the fact that I was completely drunk."

### RANCHO MIRAGE

## Bill Wallaces Return From Alaskan Summer

Their ranch at Homer, Alaska, was the summer headquarters for Mr. and Mrs. Bill Wallace, who returned home to Rancho Mirage last week.

Traveling throughout Alaska they gathered material for the 1962 edition of their publication "Milepost."

Mr. and Mrs. G. I. Pitchford are back at their home on Mirage Road after spending another summer at their lakefront home at Arrowhead.

Over the weekend Mr. and Mrs. F. McCliff were houseguests of Mr. and Mrs. Lou Seigel at their home in Los Angeles.

Sherry Johnson, daughter of Mr. and Mrs. Johnny Johnson, has postponed college for a year and is working for an insurance company in Los Angeles. Sherry graduated from Palm Springs High School in June.

On tour of the United States and Canada from their homes in Tasmania and New South Wales, Australia: Madeline Fleming, Gabrielle Gillies, Shirley Dobson, Helen Joseph and Noline Nelson plan to spend a week or more at the Casa Verde Apartments swimming and relaxing. On a scheduled 18-month motor trip, they have spent six months in Western Canada and the Pacific Coast.

Mr. and Mrs. Fred Dawson arrived Friday from their home in Ventura and are at the Casa Verde this week.

Andy Phillip left Monday via jet for Chicago to assume his duties as coach of the Chicago Majors in the new American Basketball League.

Rancho Mirage swimming coach Mrs. Pearl Miller, who spent the summer coaching at the Riverside Swim Club, has returned to her

Rancho Mirage home for another season of aquatic activities.

Mr. and Mrs. Michael Buccino spent the weekend in Santa Monica where they attended the Friday evening wedding of her nephew, Joseph DeBiase.

After two and a half months at the Ranch Club of Malibu, Beth Grant returned to the desert over the weekend.

On the staff of the El Dorado Country Club, Marilyn Johnson of Montana and Bea Fulton, whose home is in Hayden Lake, Idaho, are making their desert home at the Sun Dial Apartments.

Mr. and Mrs. Louis D. Childs of Downey were at the Sun Dial for the weekend.

Mr. and Mrs. Albert H. (Mari-on) Eurengy are home after enjoying the summer in Santa Barbara.

Over the weekend Mr. and Mrs. Thomas Campbell had as their houseguests their close friends Mr. and Mrs. T. Christofersen of Glendale and Mr. and Mrs. C. Roger Bauer, who make their home in Sunland.

## Bud Graves Put Affection Into Symbolic Sculpture of Indians

By PEYTON CANARY  
(See Photo, Page 4-B)

A firm artistic hand guided with years of personal knowledge and affection for Indian peoples has been used by Palm Springs artist E. L. "Bud" Graves to create a symbolic brass sculpture for the new Santa Fe Federal Savings and Loan Building.

The sculpture, made of 97 pieces of fused and hand-hammered brass, is an authentic interpretation of a Zuni Indian harvest dancer. It will be unveiled Saturday.

"It isn't a copy of any Indian art work, but it is in style and symbolism and authentic work," Graves said.

The sculpture is both a triumph and an innovation for Graves because it is his first use of hammered brass.

"It took about 270 hours of work to make this," Graves said. He hammered the brass into shape, rolling the edges to give a massive, cast look to the work. All hammer work and welding was done by Graves, to maintain absolute control over the harvest figure. All joints were ground and hammered, to give a smooth, unified effect.

"I have worked in almost all other media, including plastics and several metals, but this is my first brass work," Graves said.

The old City of London, consisting of one square mile, has only 4,900 permanent residents, but some 400,000 persons work in the area on business days.

He explained that acid "aging" of the brass gave it the typical time-less patina of the metal, and hammering with heat produced a variety of warm color tones in the brass.

### A Challenge of Metal

"The designing of this work was one thing, but the execution is something else," Graves said softly. He emphasized that stretching and shaping the metal into flowing form is a major challenge of the metal. Its soft, ageless patina gives brass an enduring quality to the observer.

Graves gained his first close knowledge of Indians as a youth in Canada, when he lived with the Sarcee tribe in Calgary.

"I became a full tribal member, and am technically entitled to the \$2 a year treaty money," Graves smiled.

**Speaks Their Language**  
With the Sarcee Indians, Graves became an expert horseman and cowboy. He became so expert in

## Key Olesen to Become Shadow Mountain Head

PALM DESERT — Kay Olesen, Indian automobile dealer and vice president of Shadow Mountain Golf Club, will be moved to the club presidency, a board spokesman said today.

Olesen will fill the vacancy left by the death of former Washington Gov. Mon Wahlgren earlier this month.

The Shadow Mountain Club's board of directors will meet within the next few days to choose a new director to fill a vacancy on the board.
